THE COLLEGES

MIDDLEBURY COLLEGE was not founded to give voice to any special religious, social, or political creed. It was indigenous, a product of 19th century democracy, financed from the thin purses of local citizens, and expressive of multiform culture brought from southern New England.

A miller, two lawyers, a doctor, and a President of Yale University conceived the first plan for Middlebury College on the night of September 30, 1798. The miller was Gamaliel Painter, whose name the oldest college building in Vermont still bears; the lawyers, Seth Storrs, donor of the campus of the men's college, and Samuel Miller who entertained the group at this original meeting; the doctor, Darius Matthews, a probate judge as well as physician; and the Yale President, the great Timothy Dwight.

Some thirty log cabins and frame houses, surrounded by wilderness, comprised the settlement at Middlebury in 1798. No road had yet been built to the pioneer village. The State of Vermont as a part of the Union was only seven years old and its Legislature still roved from town to town for its annual meeting. Grist and saw mills, a few shops for mechanics and blacksmiths, a rough inn and a brewery offered the principal commercial accent to the village. A church had not even been constructed. Still the establishment of a college, as well as a grammar school, seemed imperative to these immigrants from Connecticut.

President Dwight, in his visit of a single night, helped to outline a plan for procedure, but it took two years to persuade the Legislature that the request for founding a college in this wilderness should be honored. A charter was finally granted on November 1, 1800, and Jeremiah Atwater, a Yale graduate, appointed President; seven students were admitted the following day and Middlebury was under way, lodged in a building just completed for the Addison County Grammar School. President Atwater and one tutor comprised the entire administrative and teaching staff. Under them the first student was graduated in August, 1802.

Greek and Latin were the core of the curriculum in those early years. Mathe-

matics—ranging from “vulgar arithmetic” to trigonometry—history, geography, natural philosophy, astronomy, rhetoric, law, logic, metaphysics, and ethics rounded out a four-year program, with vocational purpose noted in such courses as navigation and surveying. A disciplinary system, based on the temper of the law of Moses and the text of Yale College rules and regulations, kept a student’s nose to the academic grindstone. As occasion for new rules of conduct arose, they were properly phrased, and appropriate fines attached. Students were their own janitors, laid their own hearth fires, lugged their water from outdoor cisterns, often cooked their own meals. Daily chapel prayers before dawn began the day and a daily chapel service at dusk ended it.

It was distinctly a man’s college. Women were not even admitted inside the rail fence which surrounded the campus protectively. Yet the village of Middlebury did not neglect the education of women. Within three years after the men’s college was started, a “Female Academy,” one of the first in America, was established here; and it was in Middlebury that Emma Hart (Willard) opened her first school for girls and wrote what has been called the *Magna Carta* for higher education of women. Although the College did not become coeducational for over eighty years after it was founded, the tradition for women’s education was strongly fixed at an early date. In spite of repeated earlier appeals, women were not admitted until 1883, after the alumni had petitioned for the change. Eight years later the first dormitory, Battell Hall, was opened. Joseph Battell gave the College the land for the women’s campus in 1909.

The Middlebury College Summer Language Schools of English, French, German, Italian, Russian, and Spanish, which began with a German session in 1915, have achieved international reputation. The foreign language schools were pioneers in the development of segregated, specialized summer schools for the study of modern languages under a faculty of native instructors. The School of English and the Writers’ Conference have served as models for similar undertakings in various parts of the country. The Composers’ Conference and Chamber Music Center was founded in the summer of 1946. In 1949, the Graduate School of French in France was inaugurated.

EDUCATIONAL PURPOSE

Middlebury is democratic in spirit, cosmopolitan in outlook. It has intentionally remained small in size. It has never had denominational affiliation, but respects and fosters the traditions of Christian faith and moral principles.

The College has adapted the traditional liberal arts thesis to modern education and the curriculum is organized to provide students with a comprehensive and balanced knowledge of the sciences and the arts, language and literature, history and philosophy, social, political, and economic institutions. A three-fold academic program is required of each student: intensive work in one field of planned study; the investigation of other subjects as they relate to this field of concentration; the study of cultural courses to give breadth and perspective. Participation in some organized physical activity is required of all freshman men and freshman and sophomore women.

As a liberal arts college, Middlebury has no vocational or professional schools. The College recognizes, however, that its responsibilities to society as well as to its graduates involve all possible preparation for some adult field of service. All departments provide adequate preparation for graduate study. Faculty advisers give

fully of their time in aiding students to a wise arrangement of studies which may lead to the development of mind and personality as well as toward some particular field of service.

Students wishing specialized and advanced training as well as a liberal education may shorten the period of formal education under the cooperative plan between Middlebury and certain recognized graduate schools. See page 38.

VOCATIONAL GUIDANCE AND PLACEMENT

The Placement Offices of Middlebury College provide a central source of information on employment for both undergraduates and graduates. Here are filed college credentials, the record of graduate work and further training, and of first and subsequent positions, together with references from teachers and employers.

From time to time opportunities are given to the students to meet representatives of various vocations and professions and to learn of openings and requirements in their fields of interest. Vocational guidance is offered the students through suggestions as to the career most suitable for their particular abilities and the most appropriate academic preparation.

Business and educational work are major occupations among the alumni. Other leading occupations among the men are: Medicine, Law, Ministry, Engineering, Accounting, Agriculture, Chemistry, Government and Public Service, Advertising, Publicity, and Journalism. Leading alumnae occupations, beside Education and Business are: Library work, Social work, Medicine, Government and Public Service, Technology, Dietetics, Music, Publicity and Public Relations. Many alumni willingly contribute from their time and experience in offering vocational advice to undergraduates.

Middlebury has always sent its full share of teachers into the public and private secondary schools. In order to help raise the status of the teaching profession a special program of guidance for prospective teachers has been developed for the purpose of helping them throughout their college careers to develop as fully as possible those qualities, personal as well as scholarly and professional, which are most to be desired in effective teachers. (See page 71).

THE CAMPUS

Middlebury College is located on a broad hill overlooking a typical Vermont village and a wide sweep of Champlain Valley, with the Green Mountains visible to the east and the Adirondacks to the west. Most of the permanent college buildings are constructed of grey limestone or white marble, their colonial architecture consistent with the mountain setting of the extensive campus.

The campus is one of the largest in the world, with about 250 acres for buildings, athletic grounds, and Otter Creek shoreline, and a mountain campus of 13,000 acres ten miles to the east which includes some of the highest peaks in the State. The United States Government has taken over the title to an adjacent area, formerly owned by the College, as part of the Green Mountain National Forest. Both tracts are used by students for outings, winter sports, and week-end trips to lodges.

Middlebury is one of the main stations on the Rutland Railroad, which connects it directly with Boston, New York, Albany, and Montreal.

BUILDINGS

Administration Building. The Old Chapel, built of grey limestone in 1836, and for years used as the chief recitation hall, was completely remodeled in 1941 and turned over to administrative offices. Here are located the offices of the President, the Vice President, the Deans, the Admissions officers, the Old Chapel Room, the Treasurer, the Business Manager, the Registrar, the Director of Publications and Publicity and the Secretary of the Summer Schools.

Battell Cottage was opened in 1909 and was later enlarged to provide a dining hall accommodating about one hundred and fifty. The house is named for Joseph Battell, who, among many benefactions, donated the land for the women's campus.

The Casa Española, under the direction of a Spanish-speaking person, is for women who agree to speak only Spanish in the house.

The Château. Middlebury College was a pioneer in the plan of the segregated language house, where the residents use the foreign language exclusively while in the building. Le Château, built in 1925, one of the oldest and still the largest "maison française" in the United States, is the center of the internationally known French School, in session both winter and summer. Its architecture was inspired by the Pavillon Henri IV of the palace of Fontainebleau. Le Château contains two fine salons, a library, classrooms, offices, a dining room, and dormitory rooms.

Chemistry Building The department of Chemistry has its own three-story marble building. In the basement are organic, photographic, and research laboratories, and general storerooms. Lecture rooms are on the first floor; three laboratories, the library of 3,500 volumes, a stock room, and balance rooms are on the second floor; and on the top floor are located general chemical and private laboratories and a lecture room.

Forest Hall was constructed of grey limestone in 1936 and contains sixty-three double suites of two rooms and connecting lavatory. In addition to attractive reception rooms and dining rooms, it has a large recreation room in the east wing. It was built with funds derived from the sale of a large acreage of mountain forest to the federal government.

Gifford Hall, a five-story grey limestone fireproof dormitory overlooking the campus, was the memorial gift of the late Mrs. James M. Gifford, widow of a long-time trustee of the College. It was first opened in the fall of 1940.

Hepburn Hall, opened in 1916 as the gift of A. Barton Hepburn, '71, is a five-story dormitory of brown tapestry brick on one of the highest points of the campus.

Hillcrest is a three-story white frame dormitory. Twenty-two single rooms and eight doubles are available.

Hillside Cottage, on the approach to the Château, was built in 1913, and has five double and three single rooms.

Homestead, the Home Management House on Weybridge Street, is a typical New England home, the interior of which has been remodelled so that it admirably meets the needs of Home Economics 35.1.

The Infirmary is an attractive residence on a tree-shaded street close to the campus maintained by the College for the care of women students. One of two resident nurses is always in attendance.

Mead Memorial Chapel. This colonial white marble structure of the New England meeting-house type, the gift of Ex-Governor John A. Mead, '64, stands on the highest eminence of the campus and the light which shines nightly from its spire is a county landmark. Across its façade are chiseled the words "The Strength of the Hills is His Also." The chancel has accommodations for a vested student choir and contains a large pipe organ. In the tower is a carillon of eleven bells which are played daily by a student from 5:30 to 6:00 while the College is in session.

Munroe Hall. All departments except the sciences, French, and Music, have their headquarters, classrooms, and lecture halls in Monroe Hall, the gift of Charles A. Munroe, '96, a former trustee. Opened in February, 1941, the interior is completely modern in every detail while the exterior of gray limestone and marble trim conforms with the general colonial architecture of the older buildings.

Music Studio. This brick building of colonial design is the gift of Mrs. Emily Proctor Telfer, and houses the studios of the faculty, and rooms for instrumental and vocal practice as well as a larger studio with special listening equipment. The Library contains about 500 scores and 2,500 recordings.

The Observatory opened in 1937, has a revolving dome and a mounted machine-driven Newtonian type 12-inch reflecting telescope, which maintains an unobstructed view of the skies.

Painter Hall, built in 1815, is the oldest college building in Vermont, and a fine example of sturdy New England architecture. It bears the name of a founder and first benefactor of the College. The interior was completely remodelled and fire-proofed in 1936, and is now a dormitory for men.

Pearsons Hall, a marble dormitory of colonial design which commands a view of both the Adirondacks and the Green Mountains, was opened in 1911.

Playhouse. The headquarters of all dramatic work at the College is the Playhouse on Weybridge Street. Good facilities are provided for training and practical experience in all phases of dramatic production.

Porter Hospital, a fireproof brick building with a beautiful view of the Green Mountains, was completed in 1925, the gift of William H. Porter to the College and the residents of Addison County. It has a 45-bed capacity and modern equipment, with graduate nurses always on duty and local physicians on call.

Recitation Hall, near Forest Hall, now houses the laboratories of the Home Economics Department, and the offices of the Alumni and Alumnae Secretaries and the Placement Bureau.

Starr Hall, erected in 1861 to complete "Old Stone Row"—Painter, Old Chapel, and Starr—was rebuilt four years later after a fire. It has been completely remodelled and fireproofed in 1946. There are double suites of study and bedroom and a few single rooms.

Student Union, a building secured through the Federal Works Agency and

opened in September 1947, contains student lounges, student offices, recreation room, a bookstore, snack bar, and College Print Shop.

Warner Science Hall. The lecture rooms, laboratories, and libraries of Biology, Physics, Geology, Geography and Drafting, are quartered in Warner Science Hall which was built in 1901 through the benefactions of Ezra J. Warner, '61, as a memorial to his father, once a trustee of the College. The Natural History Museum on the upper floors houses a large collection of fossils of Vermont and the Champlain Valley, and a complete series of the flowering plants and ferns of the region. The Physics department possesses experimental equipment outstanding in a small college. There is a large, well-lighted drafting room on the top floor.

Athletic Facilities. The World War II Memorial Field House, completed in the spring of 1949, is a building 400 feet by 120 feet, located on South Main Street, south of the Chi Psi Lodge and adjacent to Porter Field and the Fred D. Lang Memorial Field. Accommodations in this building will provide room for large assemblies, dances, an indoor hockey rink, a regulation and practice basketball courts, a field cage, badminton and volley ball courts, and rooms for offices, lockers, showers, exercise, equipment and trainers.

Since the completion of the Field House, the McCullough Gymnasium has been assigned to the Women's Physical Education Department. It is of marble in colonial style, and was dedicated in 1912. It contains a basketball court, an exercising room, offices, locker rooms, showers, examination room, two handball courts and other facilities.

The Porter Athletic Field of about eighty acres contains a quarter-mile cinder track, a baseball diamond, the football field, a grandstand and bleachers.

The Fred Davis Lang Memorial Field, situated east of the Memorial Field House, consists of approximately four acres of playing fields available for intramural sports.

Nine tennis courts are located on the campus and the women's campus also includes an archery range and two soccer fields. The mountain campus includes the Bread Loaf Snow Bowl containing an eight-mile cross-country ski trail, slalom and downhill trails and a 50-meter jump, the largest college jump in the country.

THE LIBRARY

It is the aim of the Library to provide as effectively as possible for the intellectual needs of students and faculty, to encourage recreational reading, and to stimulate a love of good books.

Built in 1900 of six kinds of Vermont marble with funds bequeathed by Egbert Starr, the Library's capacity was more than doubled in 1928 by the addition to two wings given by his son, Dr. M. Allen Starr. The collection numbers about 115,000 volumes in all fields of knowledge, plus about 75,000 government documents. Especially noteworthy are the large sections in foreign languages: French, German, Italian, Russian and Spanish. The Library subscribes to over 300 newspapers and periodicals. In addition to the main stacks to which the students have free access, there are also reference, reserve, and seminar rooms, rooms containing fine arts books and equipment, the Middleburiana and local history collections, and a delightful Browsing Room containing periodicals and books for recreational reading. During the college year, the Library is open daily, and every evening except Saturday.

The Abernethy Library, built around the nucleus of rare books bequeathed by Dr. Julian W. Abernethy and comprising one of the best collections of American litera-

ture in the country, is housed in the east wing of the building. It contains some 7,500 volumes in first edition and about 1,000 manuscripts, mainly autograph letters of American authors. The room, furnished by Frank D. Abernethy, brother of the donor, serves the double function of treasure room and quiet haven for reading and study.

Another collection unique in its field is the Helen Hartness Flanders Collection of over 7000 items, including Child Ballads, ballads and folk-songs of British and American origin, religious songs, fiddle-tunes and call-sets, regional collections, and current folk-song journals. There are about 3100 mechanical recordings, all of which have been recovered through oral transmission. Its correlation with the English and the American literature classes offers a balanced approach to all ballad questions.

MEN'S RESIDENCES

Gifford, Starr and Painter Halls provide accommodations for approximately 350 men, and fraternity houses for approximately 140 men. Other students, including a majority of the freshman class, are assigned to houses or private homes in the town. In general three students are assigned to dormitory suites. Dormitory rooms are furnished with single or double-deck beds, mattresses, desks, dressers, and chairs and pillows. Bedding, rugs, and other accessories are furnished by the occupants. Because of limited floor space, additional furniture may not be moved into dormitory rooms without first obtaining authorization from the Superintendent of Dormitories. Room fees include janitor and maid service, heat and electricity. Students provide their own laundry service.

Preference in choice of rooms is given to students in order of classes. Reservations are made by upperclassmen during the spring for the following year, and an advance deposit of \$5. is required at the time the room contract is prepared. Students reserving rooms are responsible for the rental charge. All rooms are assigned subject to residence regulations, and occupants are liable for any damage to the dormitory and its furnishings. A student may be required to withdraw from a dormitory at any time for failure to respect college dormitory regulations. The Superintendent of Dormitories or a duly designated representative of the college has the right to inspect rooms at any time. Student proctors in each section of a dormitory represent the interests of both students and administration in matters concerning dormitory life.

Rooms are ready for occupancy in September on the day preceding the first college exercises and, except for seniors, are vacated in June on the day following a student's last final examination. All dormitories are closed during vacations and students may not have access to rooms during these periods.

Students accepting room assignments in town make a commitment for room rental of not less than a semester. The college provides no accommodations for married students, but the Dean's Office assists them whenever possible in locating apartments in town.

All freshmen are required to dine in the College Commons at Gifford Hall. Other students may dine at the Commons, at fraternity houses, or at restaurants in town.

WOMEN'S RESIDENCES

Each of the dormitories for undergraduate women is under the supervision of a house director. Houses vary in size from Forest and Hepburn Halls, accommodating

over a hundred students each, to the Homestead, for eight Home Economics majors. Fees for room and board are uniformly \$265 per semester. Rent includes heat, light and limited maid and janitor service. All rooms are furnished with single bed, pillow, mattress, study table, chiffonier or dresser, and chairs for each student. Students provide their own bed linen and towels and provide for their laundering.

All dormitories are closed during the Christmas and spring vacations.

Campus dormitories include Forest Hall, Hepburn Hall, Pearsons Hall, Hillcrest Cottage, Battell Cottage, the Château, and Hillside Cottage. The Homestead is within five minutes walk of the campus.

In assigning rooms, preference is given to students in order of classes. All rooms are subject to the regulations of the College as to student residence, and occupants are liable for any damage to their room or its furniture.

FUTURE PLANS

Traveling college presidents were about as common on the turnpikes of New England a century ago as traveling painters, dentists, surgeons, and transient pastors. Whether the wares were education, portraits, clinical service, or religion, each had to be an expert salesman, each a good horseman. Their success depended on a persuasive vocabulary and endurance in the saddle.

Much of the early success of Middlebury was created by this promotional gospel carried abroad on the presidential mare. In those days the total amount of tuition advanced by students was insignificant; heavy endowments were unknown. The College subsisted on a hand-to-mouth monetary diet, and the budget was made up on the returns which the president managed to deposit in his saddlebag within the triangle created by the three points: Middlebury, Boston, and New York.

In this system of college upkeep there was no room for long-range planning. The College took what it could get and shaped itself accordingly. As the student body grew, the necessity for new buildings became all too obvious and always some public-minded individual came to the aid of the College.

Middlebury has never been university-minded. Through nearly a century and a half the Corporation has commonly agreed that it should be a small college. A determination of four dimensions is essential to any long-range planning: enrollment, curriculum, buildings and equipment, staff. Recently a decision has been made that the eventual normal enrollment should not exceed 500 men and 500 women. With this limit determined the College has fixed the most essential dimensions for a long-range plan at Middlebury.

The Corporation is fully cognizant of the truth that great teachers—not buildings—make a great college. The endowment of a professorship is probably the finest and most rewarding contribution an individual can make to a college. Few Middlebury professorships are endowed, as a survey of the list of faculty titles will indicate. The cost of such an endowment would approximate \$160,000.

For the most efficient operation of the College, the following physical additions are needed.

- Starr Library Wings
- Women's Dormitory
- Swimming Pool
- Fine Arts Center

Forms of bequest for endowment, general and specific purposes are given on page 98.

ALUMNI

Middlebury has approximately 3,300 living alumni and 3,000 alumnae.

The Associated Alumni, one of the oldest organizations of its type in America, was established in 1824. Curiously enough, it had its origin in the desire of graduates in various parts of the world to collect geologic specimens for a natural history museum at the College. But the aims of the Association were soon broadened to include all academic interests of the institution. Women graduates belonged to the same organization until a separate Alumnae Association was formed in 1912.

Both alumni and alumnae hold annual business meetings at the College. Both groups are organized by districts, and regional meetings are held during the year. Although the purpose of these meetings is largely social, the members give active support in forwarding plans and projects of the administration. Joint meetings of alumni and alumnae are held in many localities. In communities where the alumnae have separate organizations, meetings are held as frequently as once a month, when programs of educative and social interest are presented.

The business of the Associated Alumni and Alumnae Association is conducted through the offices of the respective secretaries at the College. Biographical information and addresses may be secured through them. A new edition of the General Catalogue containing biographical sketches of alumni and alumnae will be published in 1950. The *News Letter*, the Middlebury quarterly magazine, is mailed to all alumni and alumnae.

The following places are centers for alumni and alumnae activities: Montpelier, Middlebury, Springfield, and Rutland, Vermont; Boston, Springfield, and Worcester, Massachusetts; Bridgeport, New Haven, and Hartford, Connecticut; Claremont and Concord, New Hampshire; Schenectady, Albany, Buffalo, Plattsburg, Rochester, New York City, and Utica, New York; Philadelphia, Pennsylvania; Washington, D. C.; Chicago, Illinois; Cleveland, Ohio; and Milwaukee, Wisconsin.

A list of officers for these districts is given on pages 99-101. Persons wishing to get in touch with a local graduate of the College may reach the officers at the addresses given.

COLLEGE LIFE

THE COLLEGE furnishes each student with a pamphlet of regulations containing detailed information as to enrollment, attendance, scholarship, examinations, athletics, and student activities. All students are held responsible for a thorough knowledge of and compliance with these regulations. As part of their training in the development of personal responsibility, all students are held responsible for keeping their parents correctly and currently informed regarding their standing and progress in college.

The College reserves the right to exclude at any time students whose conduct or academic standing it regards as undesirable—without assigning any further reason therefor; in such cases the fees due or which may have been paid in advance to the College will not be refunded or remitted, in whole or in part, and neither the College nor any of its officers shall be under any liability whatsoever for such exclusion.

FRESHMAN WEEK

Directly preceding the opening of the fall semester, there is a three-day period of orientation to assist Freshmen in their adjustments to the college community. The program includes an informal assembly of the class on the opening evening, registration, receptions and social gatherings, lectures by members of the college personnel, placement tests, physical examinations, and training in the use of the library. Each student is assigned to a faculty adviser who assists in making out a program of studies. (See page 36).

CHAPEL SERVICES

Following the tradition of many college generations, daily chapel services are held in Mead Memorial Chapel at 10 A.M. The services are led by the Chaplain,

and by faculty members and students. Seniors and Juniors are required to attend on Monday, Wednesday, and Friday; Freshmen and Sophomores on Tuesday, Thursday, and Saturday.

Sunday Vespers are held at 5 P.M. Attendance is required of upper and lower classes on alternate Sundays. The Vespers services are led by distinguished guest speakers, clergymen and educators. Among the visiting speakers for 1948-49 were: Dr. John S. Millis, President, University of Vermont; Dr. Russell Stafford, President, Hartford Seminary Foundation; Dr. William Park, President, Northfield Schools; Dr. Frederick Meek, Minister, Old South Congregational Church, Boston; Dr. Lee Adkins, Minister, First Methodist Church, Schenectady, N. Y.; Dr. William Handsche, Minister, Prospect Street Presbyterian Church, Trenton, N. J.; Dr. Douglas Horton, Minister, General Council of Congregational Christian Churches, N. Y.; Dr. James McCleod, Chaplain, Northwestern University; Dr. John Miller, Minister, Hope Congregational Church, Springfield, Mass.; Dr. Ivan Hagedorn, Minister, Bethel Evangelical Lutheran Church, Philadelphia; and Dr. John B. Kelley, Minister, Georgetown Presbyterian Church, Washington, D. C.

HEALTH MEASURES

Under the direction of the Medical Adviser the College investigates and cares for the health of each student. Every Freshman must present before matriculation a satisfactory health certificate signed by a physician. Physical measurements and health records are filed and corrective exercises recommended when needed. All Freshmen, and Freshman and Sophomore women, who are physically able are required to participate in organized physical activities at least three periods a week. The College reserves the right to ask the withdrawal of any student whose physical condition is not satisfactory. A student may be requested to have a thorough physical examination once a year or whenever considered necessary by the Medical Adviser or his representatives.

College nurses, under the supervision of the Medical Advisor to the College, authorize all college absences due to illness. Undergraduate men are required to report any case of illness immediately to a college nurse, either directly or through a proctor; cases of illness among women are reported through the House Directors. Porter Hospital is fully equipped for any type of case. An Infirmary is operated by the College for minor illness among the undergraduate women. A student is entitled each semester to care at either Porter Hospital or the Infirmary to the amount of \$21.00. No doctors' bills will be paid for students. For men students, the cost of a physical examination, when taken at the request of the Medical Advisor, is deductible from the \$21 allowance.

EXTRA-CURRICULAR PROGRAM

The relatively small size of the College permits participation in a variety of extracurricular activities by all undergraduates. Frequent dances, theatrical productions, sports events, debates, and week-end mountain trips, are scheduled throughout the year.

Abernethy Lecture. A writer of distinction is annually invited to address the college upon some aspect of American literature in commemoration of the birthday of Dr. Julian Willis Abernethy, the library's founder. This address is given in Mead Chapel on January 23rd or approximate date, and is open without charge to the entire college.

Concert-Lecture Series. Outstanding artists and lecturers are brought to the campus under the supervision of a faculty committee appointed for that purpose. All regularly enrolled students are admitted to these concerts and lectures without extra charge. Artists and lecturers who have appeared during recent years are: Jose Iturbi, Claudio Arrau, Boris Goldovsky, Carroll Glenn, Joseph Szigetti, Ruth Posselt, Ann Brown, Helen Jepson, Paul Robeson, Mack Harrell, Mia Slavenska, Pearl Primus, Budapest String Quartet, Vermont State Symphony; Jay Allen, Walter Duranty, Max Lerner, Louis Fischer, V. D. Kazakevich, The Margaret Webster Shakespeare Co., Bach Aria Group, Iva Kitchell.

Other special lectures are sponsored by departments and organizations.

Conference. An annual two-day symposium is held at which outstanding authorities in the fields of the arts, literature, economics, politics, religion, and science discuss with the students problems of current significance.

Partridge Lecture on Christianity. A distinguished clergyman or layman is annually invited to address the college on the subject of "Man's Need for Christianity." This lecture is given by Hon. Redfield Proctor in memory of his life-long friend, Frank C. Partridge, who was for many years a trustee of the college. This special lecture is open to the entire college and the public.

STUDENT GOVERNMENT

The men are governed by the Men's Undergraduate Association, in which all men students have a vote. There are executive and legislative branches of the Association. Student proctors represent their constituents, and consult with the Dean of Men on any problems of concern to the administration.

The Student Union Association, to which all undergraduate women belong, controls the conduct of women students in all matters of college life not under the jurisdiction of the administration. It aims to further a spirit of campus unity and to coordinate and control extracurricular activities. The honor system, on which the Student Union Association is organized, encourages high standards of responsibility and cooperation, and assists in maintaining the social standards of the College.

SPORTS

All regularly enrolled undergraduate men are eligible for participation in varsity sports after residence of one year. Transfers who have graduated from Junior Colleges are eligible immediately. Students on academic probation are restricted to participation in extracurricular activities not involving absence from college. Students reported during a semester to have failing grades simultaneously in two courses may not participate in varsity or freshmen athletics for the remainder of the semester. Intramural games are scheduled in basketball, track, golf, tennis, relays, badminton, touch football, volleyball, hockey, softball. Skiing and hockey are special features of the winter calendar.

The Director of Athletics, with the Athletic Council, composed of representatives of the alumni, faculty, and students, supervises the sports program. The College does not assume legal responsibility for the expense in caring for injuries sustained by student athletes, while training for or participating in athletic competition.

A sports program for women, under the direction of the Physical Education Department and the Women's Athletic Association, includes archery, badminton, bas-

ketball, bowling, fencing, field hockey, golf, ice skating, riding, skiing, softball, squash, tennis, volleyball, lacrosse. An intramural program is emphasized with participation in Sports Days with other colleges.

Both colleges take part in the Annual Winter Carnival which, in seventeen years since its inception, has assumed an increasingly important role in the social and sports life of the College.

ORGANIZATIONS

Student government is in the hands of the Men's Undergraduate Association, and the Women's Student Union Association. Other administrative organizations include the Interfraternity and Panhellenic Councils.

Honorary organizations on the campus are: Phi Beta Kappa, Waubanakee, Blue Key, "M" Club, and Mortar Board.

There are also athletic, musical, dramatic, literary, religious, and departmental student clubs.

Eight fraternities are represented: Alpha Sigma Psi, Alpha Tau Omega, Chi Psi, Delta Kappa Epsilon, Delta Upsilon, Kappa Delta Rho, Sigma Phi Epsilon, and Theta Chi; and seven national sororities: Alpha Xi Delta, Delta Delta Delta, Kappa Delta, Kappa Kappa Gamma, Phi Mu, Pi Beta Phi, and Sigma Kappa.

PUBLICATIONS

Undergraduates of Middlebury College publish the weekly newspaper, *The Middlebury Campus*. Students assume complete responsibility for the editorial content of the newspaper. The Junior class publishes *The Kaleidoscope*, student yearbook. By vote of the students, subscriptions for both are placed on the term bills. The *Middlebury Handbook*, giving information about campus organizations and college regulations, is published annually through the cooperation of student editors and the College Publications Office.

The *Middlebury College News Letter*, a quarterly magazine, is published by the College and distributed without charge to alumni, alumnae, and friends of the institution.

Bulletins are published eight times during the college year. Periodic numbers include catalogues of the undergraduate session, the Language Schools, the Bread Loaf School of English, the Bread Loaf Writers' Conference, the Middlebury Conference, and the Composers' Conference.

The Middlebury College Press, inaugurated in 1939, publishes books by men and women associated with the College and Summer Schools. Titles which currently bear its imprint include: *Footpath in the Wilderness* (\$2.00), the only comprehensive volume about "The Long Trail" across the Green Mountain range; *Bread Loaf Book of Plays* (\$3.00), six one-act plays edited by Hortense Moore; *Stops* (\$1.00), an ingenious manual of punctuation contrived by the Bread Loaf Printers; *Vermont Chap Book* (\$1.50), ten illustrated Vermont folk ballads; and three volumes in the Bread Loaf Poets series: *Only on the West Wind* by Florida Watts Smyth; *Orpheus and the Moon Craters* by Cedric Whitman; and *Time Is Our House* by Louise McNeill. *Not Faster Than a Walk*, a Vermont Journal by Dr. Viola C. White, *The Concord Saunterer*, by Reginald L. Cook, and the *Bread Loaf Anthology* are now out of print.

Copies of the books now available may be secured from the Middlebury College Press.

EXPENSES

No general statement can be made regarding the cost of a semester at Middlebury. The location of the College in a frugal Vermont countryside and the absence of metropolitan attractions permit a student to live economically. The College offers a limited number of scholarships to deserving students. The Deans attempt to assist undergraduates in finding remunerative work both on the campus and in town.

Fixed charges per semester for both men and women:

Tuition	\$300.00*
Special laboratory fees (see course descriptions)	\$2.00 to 12.00
Student Activities Fee—Men	36.00
Student Activities Fee—Women	23.00
Additional fixed charges for men:	
Room rent, including heat and electricity (limited)	\$65 and \$75.00
Board	175.00
Additional fixed charges for women:	
Room and board	265.00

Payment of tuition entitles a student to not fewer than thirteen nor more than sixteen credits each semester; an additional charge of \$20.00 per semester is made for each credit in excess of sixteen.

A charge of \$60.00 per semester is made for each graduate course of three credits. For graduate courses in science carrying more than three credits, \$20.00 per credit is charged.

A graduation fee of \$11 is paid by all seniors.

A rebate of \$5 per week is allowed for absence from dining halls for two weeks or longer.

No refund of tuition is made for absence, withdrawal, or dismissal except for continued illness.

Students may not take examinations, receive credits, nor expect honorable dismissal until all financial accounts are settled.

The right is reserved to change quoted charges if necessary to meet increasing costs.

The College assumes no responsibility for loss of student property through fire or theft.

With the help of the list of standard charges, the individual should be able to estimate approximate expenses for the year. Travel, textbooks, clothing, fraternity or sorority dues, and social assessments should also be considered.

All students, except veterans, will be required to make an initial deposit of \$200 on their semester bills ten days before classes begin (for the first semester 1949-50, September 12; for the second semester, January 23). A fine of \$5.00 will be charged against all students failing to meet this obligation by the date specified. If payment has not been made when due the student will not be permitted to attend classes. Term bills will be given to students on or before December 1, and April 1. All bills must be settled in full by December 15, and April 15.

The Registrar will issue a transcript of record on request to students wishing to transfer or to secure a statement of their credits for any other purpose. One copy of the college record is furnished free. A fee of one dollar will be charged for a duplicate of the transcript. In the case of students who have received scholarship aid or who are financially indebted to the College, however, no transcript will be issued until satisfactory arrangements have been made at the Treasurer's office. No fee is charged for transcripts submitted to any branch of the armed service.

UNDERGRADUATE EMPLOYMENT

The College cannot guarantee employment to students and does not encourage them to enter without adequate resources. A limited number of men may expect to find such employment as waiting on tables, assisting in laboratories and offices,

*Applies to all new students beginning with the fall of 1949.

serving as janitors, and tutoring. All men wishing part-time work should file an employment application in the office of the Dean of Men. However, prior to matriculation, men should address communications concerning employment to the Director of Admissions.

Women may find similar employment including dining room and kitchen service in the dormitories, house duty, light housework in faculty homes, caring for children, typewriting and clerical work, tutoring, and serving as Chapel monitors and campus messengers. Application should be made to the office of the Dean of Women.

SCHOLARSHIPS

Middlebury College scholarships are awarded only to students who present evidence of well-balanced interests, academic aptitude, high moral character, and leadership ability. Applicants must also show that they would be unable to attend a college without scholarship support. This basis for award of scholarships is strictly adhered to except in the case of Special Vermont Scholarships, Senatorial Scholarships, and various regional scholarships. Middlebury College Scholarships may be applied toward tuition only. No College Scholarships are awarded to veterans eligible for government benefits under Public Laws 346 and 16. College Scholarships are awarded for the academic year, but may be forfeited at any time when a student's grade in a course falls below a 70 per cent average or because of misconduct. Scholarships are not awarded to students on academic probation or to students whose standing falls below the middle third of the class. No scholarships are granted for participation in sports or other extracurricular activities.

All scholarships are applied toward acquirement of a Middlebury degree. If the recipient transfers to another institution, the scholarship must be repaid in full before a transcript will be issued. Exceptions will be made for students entering another institution on the Professional School Plan or the M.I.T. Plan. Scholarships are awarded for amounts ranging from \$100 per year to full tuition, depending on financial need of the applicant. An original application must be accompanied by letters from three responsible professional men (not relatives) who are conversant with the financial background of the applicant and his family. These letters should comment specifically on the finances, character and ability of the applicant. Information entered on the application will be treated confidentially by the College authorities.

Correspondence concerning scholarships for freshmen should be addressed to the Director of Admissions for men or women. Upperclass students should apply to their Dean.

STATE SCHOLARSHIPS. The College receives from the State of Vermont an annual appropriation of \$7,200 for the payment to the amount of \$120 annually of the tuition and incidental college charges of sixty students, two being appointed each year by each Senator in the General Assembly, from his respective county, provided any suitable candidate should apply therefor; otherwise from any county in the State. Any Vermont student desiring to take advantage of a State scholarship should apply to one of the Senators of the county in which he or she resides, and the Senator may thereupon give a certificate of appointment. Should the Senators in the applicant's county already have made appointments, the student should immediately apply to the Dean, as there may be a vacancy from some other county; incoming Freshmen should make such application to the Director of Admissions.

SPECIAL SCHOLARSHIPS FOR MALE RESIDENTS OF VERMONT. Several scholarships of \$2,000 each for the eight semester course (\$250 a semester) were established in 1941, subject to the conditions stated below, based on the general plan of the Rhodes Scholarships, and given to male residents of Vermont who show greatest promise in qualities of manhood, force of character, and leader-

ship; literary and scholastic ability and attainments; and physical vigor, as shown by interest in outdoor sports or in other ways.

High ranking alternates will be given special consideration in awarding other scholarships at the disposal of the College.

The school record and personal references from the principal and from other citizens of standing in the community are considered in making the selection. All applicants (unless otherwise advised by the committee) come to Middlebury for personal interview with the committee of selection, which consists of the President, two members of the Board of Trustees, the Dean, and the Director of Admissions. The scholarship is tenable for four consecutive years subject to the maintenance of a high standing and a general record in college which is satisfactory to the committee. Application should be made to the Director of Admissions when application for admission is made.

MIDDLEBURY COLLEGE TUITION SCHOLARSHIPS. Middlebury College annually awards several full-tuition Freshman Scholarships to men candidates who have demonstrated during their preparatory courses exceptional characteristics of intellectual promise, community citizenship, physical sufficiency and thoughtful determination of purpose. The Middlebury Freshman Scholarships provide for full tuition (\$250 per semester) for two semesters only. Candidates for the scholarships will be nominated by headmasters and principles of preparatory schools, by national honor societies, or by individual alumni. Final selection of accepted applicants will rest with the Middlebury Scholarship Committee which will designate the successful candidates as the Middlebury Freshman Scholars for 1948. Regulations and conditions governing the award of these scholarships are the same as those governing the award of the Special Vermont Scholarships, but they are not restricted to Vermont residents.

LOAN FUNDS

To defray expenses specifically pertaining to college education, loans in moderate amounts for a limited time may be made to students through the Committee on Extensions and Loans. The applicant is required to furnish information regarding the purpose of the loan, any standing obligations to the College and to other sources, the amount of financial aid received from parents or guardian, the total earned toward yearly college expenses, and the amount of life insurance carried. Terms for repayment of loan are required, and the application must be accompanied by an endorsement of parent or guardian and a recommendation from the Dean. No loans are granted to Freshmen. Application should be made to the Dean. Funds are listed on page 95.

PRIZES

Prizes are awarded for annual public speaking and debating contests, for theses on peace and the United States Constitution, and for distinguished work in Biblical Literature, Latin, Greek, English, and History. Full details are given on pages 96-98.

ADMISSIONS

MIDDLEBURY COLLEGE admits undergraduates for the Bachelor of Arts degree only. Admission is on a competitive basis. Among the criteria used for selection are: secondary school record, recommendations of the school principal and teachers, personal reports from mature persons who know the applicant, evidence of good community citizenship, a personal interview, a satisfactory certificate of health, and ratings in the Scholastic Aptitude Test; in certain cases, the Achievement Tests will be required. Every candidate for admission is required to take the Scholastic Aptitude Test of the College Entrance Examination Board.

Enrollment is limited to the capacity of housing facilities; accordingly it is advantageous to apply a year or more in advance. Normally undergraduates are admitted only in September.

Exceptions to the usual entrance requirements may be made to qualified veterans whose education was interrupted by the war, and to men students who present evidence of maturity, earnestness of purpose, and unusual ability.

An application fee of \$5.00 must accompany application papers. This fee is not refundable, and will not be applied to term bills.

Procedure. Inquiries regarding admission of men should be addressed to the Director of Admissions for Men; inquiries regarding admission of women, to the Director of Admissions for Women. Application forms will be furnished on request. Candidates are urged to make application before January of the year in which they plan to enter college. The College obtains the secondary school record directly from the principal of the school. No candidate is finally admitted until the preparatory record is complete and a satisfactory medical certificate received. Freshmen may enter by certificate, special certification, or examination. The right is reserved to close the application list any time after January first.

Examinations. All candidates are required to take the Scholastic Aptitude Test of the College Entrance Examination Board. It is recommended that this test be taken during the Junior year, at least as a preliminary trial, or not later than January of the Senior year, as acceptances may be made before the spring Scholastic Aptitude Test is given.

Application to take the Scholastic Aptitude Test or the Achievement Tests should be sent directly to the College Entrance Examination Board, P. O. Box 592, Princeton, New Jersey. Tests are scheduled for the following dates: June 4, August 24, Dec. 10, 1949; January 14, March 11, May 20, August 9, 1950.

All information concerning these tests, including the fees required, is printed in special bulletins which will be mailed by the College Entrance Examination Board upon receipt of a request from the applicant. Candidates should file application with the Board not later than one month in advance of the scheduled date of the tests. Applications received after specified closing dates will be accepted, but will be subject to a penalty fee in addition to the regular examination fee.

Women who do not qualify for admission by certification are required to take the Achievement Tests of the College Entrance Examination Board in (1) English Composition, (2) a foreign language, (3) Social Studies or a science (Biology, Physics or Chemistry). Men who do not qualify for admission by certification should take the tests in three of the following: English Composition, Social Studies, a foreign language, mathematics, or a science (Biology, Physics, or Chemistry), the choice depending upon the individual candidate's college objective. It is recommended that the Achievement Tests be taken in the spring of the Senior year.

Certification. Candidates applying for entrance by certificate must be from approved secondary schools. Deficiencies in certification may be made up by taking the Achievement Tests of The College Entrance Examination Board or The Examination of the Board of Regents of the State of New York.

Special Certification. Students who have graduated from an approved school in the first third of the class and who are recommended by their principals on the general record of their courses rather than in individual subjects may be admitted provided they present the fifteen units as specified. It is understood that in granting special certification for the preparatory work of any student, the Principal assumes the same obligation as for regular certification.

Admission Units. Applicants are required to present fifteen units. A unit represents a year's study in any subject in a secondary school, the class meeting four or five times a week; it constitutes approximately a fourth of the work which the student ordinarily carries in a school year. In English, however, only three units of entrance credit are given for the work of four years.

The prescribed unit distribution is as follows:

English (4 years)	3 units
*Foreign Language	3 units in one and 2 in another, or 4 units in one
History	1 unit
Algebra	1 unit
Plane Geometry	1 unit
Laboratory Science	1 unit

*There is no Foreign Language entrance requirement for men. Women with strong preparation in a field other than foreign languages may meet the basic foreign language requirement with three years of one language. Women with strong preparation in laboratory sciences or mathematics may offer two units of each of two languages with the proviso that a third year of either of the two languages previously studied shall be taken in college.

The electives may be chosen from the following subjects:

<i>Language</i>	<i>Social Science</i>	<i>Science</i>
Latin	Ancient History	Mathematics
Greek	European History	Chemistry
French	English History	Physics
German	American History	Biology
Italian	Social Studies	Physical Geography
Spanish	Problems of Democracy	Botany
Russian	Economics	Zoology
	Sociology	

With the approval of the Committee on Admissions, however, other academic subjects commonly offered in secondary schools may be substituted for not more than two of the electives listed.

General Science is not accepted as satisfying the Laboratory Science requirement and no entrance credit is allowed for less than two years of a foreign language. Candidates contemplating a major in English or a foreign language are urged to present three years of Latin. Candidates interested in Mathematics, Chemistry, Physics, or Economics should present three years of Mathematics (Elementary and Intermediate Algebra and Plane Geometry).

No candidate is admitted with conditions.

The Committee on Admissions is willing to consider, under certain conditions, candidates of unusual ability who cannot meet fully the prescribed requirements. Any candidate who has questions about preparation is urged to write to the Director of Admissions as early in the secondary school course as possible. School principals are also invited to write about candidates who seem prepared to do college work of high quality even though they may not meet the prescribed requirements in full.

Qualifying Examinations. A student satisfying an instructor of fitness to do so may take a qualifying examination in any subject of the freshman year, which, if passed, will be accepted as prerequisite to the succeeding course, but will not entitle the student to college credit for the examination so passed.

Admission Procedure for Veterans. Veterans follow the same admission procedures as those for candidates entering directly from secondary school. Particular consideration is given to credentials from service schools, and to results of qualifying examinations taken in the service or at the time of discharge. These examinations may be either the UVA tests of the College Entrance Examination Board, the General Educational Development test (of College Level) administered by the Veterans Administration, and the tests of the Cooperative Test Service, American Council on Education. Veterans who have had service training on the collegiate level (V-12, ASTP, OCS, USAFI, etc.) should forward the appropriate records to the Director of Admissions for evaluation of credits. In general, the recommendations of the American Council on Education are accepted in granting credit for service courses. No veteran who has lost his Veteran's benefits through inferior scholarship will be admitted.

Readmission of Veterans. Former students who expect to complete the work for their degree after release from the armed forces should make formal application for readmission to the College by writing to the Dean of Men, Middlebury College, Middlebury, Vermont. Readmission application forms will be sent upon request.

Transfers. Only a limited number of students can be accepted by transfer from other colleges and universities and all such students must come from approved institutions of collegiate rank. A candidate for admission to advanced standing should present a detailed transcript of work in the institution previously attended, including a list of preparatory subjects accepted by that institution, and a statement of honorable dismissal. No student who has left another institution for reasons of scholarship will be granted any academic favor which would not be extended by that institution. Transfer students are *not admitted to senior standing*.

Applicants for admission to advanced standing are expected to meet the same standards with regard to curricular preparation, character, and personality that apply to candidates for admission to the freshman class. They are required to take the Scholastic Aptitude Test of the College Entrance Examination Board, if they have not already done so.

All students, except veterans, transferring from other institutions are given provisional class ranking for their first year. At the close of this period their credits are adjusted and it is understood that in making the adjustment the quality of the work done at Middlebury will be taken into consideration. In order to receive credit at Middlebury for work done elsewhere, a student must have obtained a grade of at least 70 per cent on a scale comparable to that in use at Middlebury, in each course for which credit is desired.

CURRICULUM

MIDDLEBURY COLLEGE confers the one undergraduate degree, Bachelor of Arts. It also confers the graduate degrees, Master of Arts, Master of Science, and Doctor of Modern Languages.

UNDERGRADUATE WORK

The purpose of the liberal arts curriculum offered at Middlebury is to give every student a detailed knowledge of the work covered in at least one department, and to correlate with this knowledge a general understanding of many cultural subjects. Faculty advisers assist students in preparing a well-integrated program of courses.

To obtain the variety of interests and breadth of view which graduation from a college of liberal arts implies, undergraduates are urged to plan their college program and distribute their selection of courses wisely.

Previous to matriculation, all Freshmen are furnished with pre-registration cards on which they designate their advance selection of courses for the first semester. During Freshman Week, each student is assigned a faculty adviser who gives further individual assistance in planning a course of study. Before the end of the student's second semester, his faculty adviser assists him in forming a tentative program for the remainder of his college course.

All students at the beginning of each semester are required to enroll and register their election of courses. A charge of \$5 will be made for enrollment after the beginning of classes.

The normal program of study for each student is four or five courses. Freshmen will be required to elect five courses, and no regular student will be allowed fewer than thirteen nor more than sixteen credits per semester without permission of the Dean and the Chief Adviser. A charge of \$20 a semester is made for each credit above sixteen.

Registration for the Fall semester is to be scheduled immediately following Easter vacation: students in terms 1, 2—April 17 to 21; students in terms 3, 4—April 24 to 28; students in terms 5, 6 and 7—May 1 to 5.

ORGANIZATION OF COURSES

Undergraduate work is reckoned in credits and courses. A *credit means one period of class work per week for one semester*. All courses, unless otherwise stated, are conducted three hours a week, so that the normal amount of work required is from thirteen to sixteen hours a week, or the equivalent, exclusive of preparation. Some courses require laboratory work in addition to class work, and in *general* credit is assigned to such courses on the basis of one credit for every three hours of laboratory work.

While the amount of time required for thorough preparation differs in different studies and for different students, every student should allow at least two hours for the preparation of each hour of recitation; the best results of collegiate training cannot be expected from less.

Freshman Requirements. In each of the first two semesters the election of English Literature for Freshmen and Contemporary Civilization is prescribed by faculty regulation. See also page 47 regarding the required placement test in English Composition. The remaining three courses are free electives and may be chosen from any subjects open to Freshmen. At present these include introductory courses in Biology, Chemistry, History, Home Economics, Mathematics, Music, Philosophy, Political Science, Psychology, Sociology, Drama, and any of the ancient or modern languages. Those who have taken a modern language in high school and have acquired satisfactory preparation may continue the subject in intermediate or advanced courses. In any modern language, students of any class will be assigned to those courses for which, in the judgment of the instructor, they are best fitted. It is advisable that students complete their science requirement during their first or second year. Biology and Chemistry are open to Freshmen; Geology and Physics usually only to Sophomores, but see the description of Physics 11.1.

Fields of Planned Study. Before the end of his second semester each student, in consultation with a faculty adviser, determines upon a Field of Planned Study to be pursued through the remainder of his course. A Field of Planned Study is a group of courses so planned as to form an integrated and coherent whole, attention being paid to the advantageous sequence of courses within a department and to the coordination of courses in different departments. As a rule each Field of Planned Study centers around some one department which sponsors the plan, the courses in the department being designated the major, those in other departments being called cognate courses. A joint major is the basis of a Field of Planned Study sponsored by two departments which cooperate for that purpose, in which case two-thirds of the work may be divided between those departments. A number of Special Interdepartmental Majors are also offered in particular areas; these are described at the beginning of each Division.

The Faculty advisers will act as consultants in the selection of a Field of Planned Study. When one has been definitely chosen, a permanent adviser for the remainder of the college course is assigned to the student by and from the department sponsoring the plan chosen.

Distribution of Electives. The following regulations are prescribed for the choice of studies, and each student before graduation shall meet these requirements as to a major and the distribution of work.

1. At the end of the student's second semester a major study shall be chosen, and the maximum and minimum requirements for work in that department shall be

fulfilled before graduation. The minimum requirement for a major is 24 credits. The maximum requirement in any department is 42 credits.

2. Not less than 24 nor more than 36 credits shall be completed in such cognate courses in various departments as the major department may specify in order to have a unified field of study.

3. Each student before graduation is required to take, in addition to the Freshman requirements,

Group A. Two semester courses chosen from among the following: English, American, and the foreign literatures, Fine Arts, Philosophy, Religion, and any courses of a literary and cultural rather than a technical character in Drama, Music, and the foreign languages. (Courses that have been approved for the purposes of this requirement are designated § under Courses of Instruction.)

Group B. Two semester courses from the following: Economics, History, Political Science, or Sociology.

Group C. Two semester laboratory courses in one of the following departments: Biology, Chemistry, Geology, or Physics.

Freshmen may not elect more than one course in a subject in a semester, Sophomores not more than two, and Juniors and Seniors not more than three. The total amount of work in any subject may not exceed 42 credits without the permission of the Chief Adviser.

Other Regulations. A student who for any reason is not satisfied with his first choice of a major may before the end of his fourth semester change to another subject, but assurance should first be obtained from the department to which the change is proposed that the student will be able to meet its requirements in the remainder of his course. After the close of the fourth term changes in a major subject will be allowed only for exceptional reasons and with the consent of the Chief Adviser.

No change in studies will be allowed during the first week of the classroom work except by the permission of the adviser. During the second week of classroom work a change may be made only with the permission of the Adviser, Chief Adviser and the instructor involved, and the payment of a fee of \$5. For making a change during the third week of classroom work, the permission of the adviser, Chief Adviser and the instructor, and a fee of \$10 will be required. The fee in each case must be paid to the Treasurer before the new admittance card is given to the instructor. The Chief Adviser may waive this fee under special circumstances. After the third week of classroom work no change may be made except within a department and upon the initiative of the instructor.

No refund of fees for extra courses or for the use of laboratories will be allowed after the second full week of the term.

To be eligible for a degree, a student must complete 120 credits. Only 24 semester hours of D grade are allowed to count toward a degree.

A student who has completed 24 credits will be ranked as a Sophomore; 54 credits, a Junior; 84 credits, a Senior.

Women are required to complete four semesters of Physical Education; men are required to complete two semesters. This requirement may be waived for veterans who present evidence to the Director of Athletics that comparable physical training was completed while in service.

The last two semesters must be spent in residence at Middlebury, except as provided in the Massachusetts Institute of Technology Plan or the Professional School Plan. Exceptions to this regulation are also made for veterans who find it

advantageous to complete work of the Senior year in another approved institution, with the approval of the Veterans Affairs Committee and the Administration Committee.

The Veterans Affairs Committee will consider any special curricular problems of veterans and grant waivers to the usual requirements when circumstances involve such factors as health, extended interruption of education, and family responsibilities. Credits for all service training are approved by this Committee. Requests for special consideration should be submitted to the Dean of Men who serves as Chairman of the Committee.

In order to transfer credit for work done at another institution, a student must submit an official transcript. A grade of 70 or above, on a scale comparable to that in use here, must have been attained in each course submitted for credit. Each case will be considered individually on its own merits, and must receive the approval of the chairman of the student's major department, the Chief Adviser, and the Dean. *Whenever possible, the student should secure advance permission to attempt such work at another institution.*

COMBINED PLAN OF STUDY WITH MASSACHUSETTS INSTITUTE OF TECHNOLOGY

Middlebury is one of thirteen liberal arts colleges which are cooperating with the Massachusetts Institute of Technology in a combined five-year course of study. This arrangement is explained in the *Massachusetts Institute of Technology Bulletin*, as follows:

In order to facilitate the combination of a liberal arts course with education in science, engineering, architecture, or city planning, the Institute has entered into a combined arrangement with a selected group of colleges whose work in the prerequisite fields of science and mathematics is of exceptional merit. Under this arrangement, and by properly planning his studies, a student of high standing may pursue a combined five-years' program in which the first three years are spent at the college and the last two (or three, in the case of architecture) at the Institute, leading to the Bachelor's degree from each institution. Thus one year is saved, and the degrees of both institutions and the experience of residence in both are secured.

Every student who desires to follow this cooperative plan should register his name with Professor Benjamin Wissler, before selecting his freshman courses, as it is essential to plan his entire three years' work at Middlebury so that, on the completion of his third year here, he will have satisfied the M. I. T. requirements.

PROFESSIONAL SCHOOL PLAN

A well qualified student preparing for a professional school who wishes to limit his college education to three years may apply to the Faculty Committee on Pre-Professional Training for permission to transfer to a professional school after six semesters at Middlebury and be awarded the Middlebury degree upon receipt of the professional degree. This privilege will be granted in individual cases only to well qualified students who have completed ninety credits at Middlebury, in at least seventy-two of which a grade of seventy or above has been earned, and who rank in the upper half of their class during the fifth and sixth semesters. Such students must complete the divisional requirements (page 37, Groups A, B and C) and have their program approved by the Committee on Pre-Professional Training. The professional school shall be on the accredited list published by the United States Office of Education, and the work taken there shall be of at least two full academic years' duration. Because most professional schools prefer candidates with a baccalaureate degree, only superior students are likely to be able to take advantage of this plan.

Candidates for the Middlebury degree under the Pre-Professional Plan should apply to the chairman of the committee, Associate Professor Harold B. Hitchcock, not later than registration at the beginning of their sophomore year. Final approval rests with the Administration Committee.

SCHOLARSHIP

Scholarship is graded on the scale of 100 per cent, 60 per cent being passing. Grades are to be interpreted as follows: a grade from 90 to 100 represents the most exceptional brilliance, thorough and consistent industry, and a broad understanding of the background of the course. A grade of from 80 to 89 is an honor grade and represents the work of those students who by greater ability, greater powers of application, better backgrounds, or all of these, are able clearly to distinguish themselves from the average student. A grade from 70 to 79 will be assigned to work which ranges from mediocre to that which is satisfactory but without distinction. A grade from 60 to 69 represents doubt of the instructor as to whether the student is profiting by the course. This grade may be due to lack of industry or lack of ability; it represents the border line between passing and failure. A grade below 60 represents a failure to meet the responsibilities of the course.

A final examination is given at the end of each course. At least two definite examinations of one hour or more in length are given in each semester; one of these may be the final examination. A student absent from a final examination will be failed, unless he is excused by the Dean.

When a student is absent from a final examination or the instructor is satisfied that there is a justifiable reason for his not having completed the work of a course, a grade of Incomplete may be given with the consent of the Dean. An Incomplete may be changed to a numerical grade any time before the end of the following semester, whenever the work of the course is completed to the satisfaction of the instructor. If the course is not completed within this time limit, a grade of Failure will be recorded unless an exception is allowed by the Dean.

Seniors and Juniors in good standing have the privilege of voluntary class attendance. Freshmen and Sophomores are required to attend all class and laboratory exercises; but no penalties are incurred for three unexcused absences in each course. Three unexcused absences are permitted all students in weekday Chapel and one in Sunday Chapel during a semester. Absences may be excused only by the Dean or the College Nurse; instructors or monitors may not excuse absences. Excuses for illness must be approved by the Nurse.

Academic Probation. Any student who is reported during a semester to have failing grades in two subjects is placed on academic probation. At the end of a semester a student who has an average of less than 70, or who is not passing in 80% of his course credits and receiving grades of 70 or above in 60% of his course credits is dropped from college unless continuance is approved by the Dean; if permitted to remain in college, he is placed on academic probation for the following semester, at the end of which all grades but one must be 70 or over, that one being not below 60 (and the average must be 70 or above). A student who fails to show satisfactory progress may be required to withdraw from college.

Class Probation. Freshmen and Sophomores who exceed the limit of three unexcused absences in any course are placed on class probation. Any student absent without authorized excuse from a pre-announced test is placed on class probation.

Also 1948-49.....Instructor

Date.....

P. 39

Any student absent without excuse from a course meeting on the day directly preceding or following a college recess is placed on class probation.

Chapel Probation. A student is placed on chapel probation when he exceeds the limit of three weekday unexcused Chapel absences and one Sunday absence, or when absent without excuse from Sunday or weekday Chapel on the day preceding or following a college recess.

Penalties. A student placed on academic or class probation is allowed no unexcused absences for the remainder of the semester. A student placed on chapel or class probation during the last four weeks of classes in a semester remains on probation during the following semester. If an additional unexcused absence is taken, one credit toward graduation is forfeited for each absence. A student on academic probation is restricted to participation in extra-curricular activities not involving absence from College. A student absent from a pre-announced test, without excuse, receives a failure for the test and is not granted the privilege of a make-up. Although no specific penalty is designated for disciplinary probation, a student usually receives the restrictions applied to class probation, in addition to such penalties as the Administration Committee or the Dean may impose.

The College holds students responsible for keeping parents correctly and currently informed regarding their standing and progress in college. Except when a student is placed on academic or disciplinary probation, reports of class standing are sent to parents only by periodic request to the Dean.

GENERAL EXAMINATION

At the end of his senior year, each student before receiving the A.B. degree must pass the General Examination or its equivalent as required by his major department.* One of the important objectives of Middlebury College is to provide for each of its students a well-integrated and unified body of intellectual experience. It wishes not only to give them factual and technical knowledge, but it wishes to assist them in developing that deep and broad understanding which comes from the assimilation of knowledge and from a comprehension of all parts of their major field and its relationship to other fields. With this objective in view, each Division or Department defines and announces its objectives of over-all correlation and comprehension, in terms of its own subject matter, and informs its students regarding procedures to be followed.

HONORS

As a recognition of superior scholarship and ability the faculty has instituted a system of honors to be awarded at the completion of the college course. Honors are of two classes: commencement honors and departmental honors.

Commencement honors are awarded for high scholastic rank for the four years of the college course. The degree of A.B. is conferred *cum laude* upon those who have attained an average rank, for the entire course, of 85 to 89; *magna cum laude* if that rank is 90 to 94; *summa cum laude* if it is 95 or above. No student is eligible for these honors who has not done at least four terms' work in residence at Middlebury College.

Departmental honors are awarded as an incentive to special work and a recognition of superior ability in the student's major field of work. Since there is considerable

*This requirement does not apply to the class of 1950.

variation in the nature of the work of different departments, each department may provide for honors work in such of the following plans as is best suited to its particular requirements and methods of work.

Plan A. A candidate for honors is required to complete some assigned project or subject for individual study and investigation, and to pass a special examination by the department upon such project and related material. This examination may be written or oral or both. The honors program may include a thesis, but such thesis shall not be in lieu of the examination.

Plan B. A department may offer a special honors course to be taken by qualified students as one of the five courses of their senior year. Such a course will be of an advanced and comprehensive character.

Plan C. Honors may be awarded by a department by a unanimous vote of the department, and with the approval of the departmental heads of the division, to students who have distinguished themselves by outstanding achievements and a high quality of work in their major field, even though they have not applied for honors or taken the honors program.

All departmental honors are subject to the following regulations:

1. Students desiring to work for honors shall consult with their major department at the end of their junior year, and earlier if possible, with the exception noted in Plan C.

2. In order to be eligible to work for honors a student must have a general average of 80 in his college course and an average of 80 in the department in which honors are sought. This average must be maintained during the senior year. To receive honors, a student must obtain a grade of 85 or above in the work comprehended in the honors program.

3. In order to receive High Honors, a student must have a general average of 85 in his college course, an average of 85 in the department in which honors are sought; and a grade of 90 in the work comprehended in the honors program.

4. A student completing satisfactorily an honors program under Plan A or B in which an examination of broad scope is a part of the honors requirement, may by a vote at the department be exempted from the general departmental examination.

These honors will be printed on the Commencement program and in the next annual Catalogue, and will be certified to, when requested, by a written certificate from the Registrar and the chairman of the department, stating the nature and quality of the extra work done.

HONORARY APPOINTMENTS

The faculty, under the direction of the Corporation, gives honorary Commencement appointments; to the senior man and senior woman attaining highest rank, the appointment of Valedictorian, and to those second in rank, the appointment of Salutatorian.

Transfer students are not eligible for these appointments.

PHI BETA KAPPA

The Middlebury Chapter of the Phi Beta Kappa Society is the Beta of Vermont. Members of each senior class, who are of good character, and who have attained an average rank of 89 for six terms at Middlebury, or an average rank of 87.5 for eight terms at Middlebury, are eligible for membership, up to a maximum of 15 per cent of the class in both colleges.

Students graduating from Middlebury who have transferred from other colleges

are eligible if they have completed six terms at Middlebury with an average grade of 89 or above, or if they have completed four terms at Middlebury with an average grade of 90 or above.

GRADUATE WORK

During the academic year, Middlebury College provides graduate courses in the Chemistry and French departments, for students desiring to work toward a Master's degree. Graduate students may be enrolled in courses only if admitted by the Committee on Graduate Work. Correspondence concerning admission should be directed to the Chairman.

In addition to courses regularly presented as graduate courses, some courses will, under certain conditions, be raised to graduate level. Correspondence should be directed to the head of the department concerning specific details.

The degrees of Master of Arts and Master of Science may be earned by graduate work completed during the regular college year, or in the Summer Language Schools, in accordance with the following regulations:

1. The candidate must have a baccalaureate degree from this College, or from another institution whose course of study and requirements for graduation are approved by the Committee on Graduate Work.
2. To obtain the degree of Master of Arts, or Master of Science, two full terms in residence and the completion of work equivalent to thirty credits will be necessary. This requirement of residence may also be met by attendance at the Summer Language Schools. Two-thirds of the required work must be completed at Middlebury College.
3. Graduate work done in other institutions, and presented for transfer credit toward the Middlebury Master's degree, must be acceptable toward the same degree at the institution where the work was done. No credits may be allowed for transfer toward a Middlebury degree which have been used for any other degree. No credit may be granted for correspondence courses unless specifically approved by the Committee on Graduate Work.
4. The major work of the candidate must be undertaken in some department in which there have been completed undergraduate courses of study of such advanced grade as to satisfy the department of the student's fitness to enter upon graduate work.
5. At the time of registration, candidates for the Master's degree shall present to the Committee on Graduate Work for its approval a statement of the intended course of study, with the written approval of the head of the department in which the major work is to be undertaken.
6. All applications to raise undergraduate courses to graduate level should be presented, with statements covering the additional work involved, to the Graduate Committee within two weeks after the registration period. No graduate student will be permitted to register in such courses without the written approval of the Chairman of the Graduate Committee to the head of the department concerned.
7. Two-thirds of the required work must consist of graduate courses in the department of the major; the remaining one-third may consist of cognate courses of graduate grade prescribed by the department in which the major work is undertaken. A minimum grade of 80 shall be maintained in each course counting toward the degree.
8. Tuition fees are the same as those charged for undergraduate work, i.e., at

the rate of \$60 per three units of credit. (See page 28.) An additional fee of \$15 is required for the diploma.

GRADUATE SCHOOL OF FRENCH IN FRANCE

Middlebury College has also organized a Graduate School of French in France. A selected group of graduate students of French is prepared by a preliminary summer of study at the French School at Middlebury, and then is enrolled for the academic year in the University of Paris. These students follow a coordinated program of advanced instruction on French linguistics, phonetics, literature, institutions, and culture. They are enrolled in the various institutes or branches of the French university system, where the instruction is given by the regular French faculty. The program is under the supervision of a resident representative of Middlebury College, and the final examinations will be administered by French professors under his direction. Successful candidates will receive the Middlebury College Master of Arts degree. A special bulletin on the program will be sent on request.

THE DEGREE OF DOCTOR OF MODERN LANGUAGES

In addition to the Master's degree, Middlebury College offers, through the Language Schools, the advanced degree of Doctor of Modern Languages (D.M.L.). A detailed statement of the requirements for this degree will be sent on request.

COURSES

THE DEPARTMENTS of instruction in the following description of courses are arranged in four Divisions: Humanities, Foreign Languages, Social Sciences, Natural Sciences. Courses meet three times a week on alternating days, and carry three points of credit, unless otherwise indicated. Courses numbered 10-19 are usually taken by freshmen; 20-29, by sophomores; 30-39, by juniors; 40-49, by seniors. Schedules are cleared on this basis, and conflicts will thus be most easily avoided.

Some courses are given as year-courses; they are designated by whole numbers. In them, the work of the entire year is a unit, with the final examination in June. Some courses are given by semesters; they are designated by .1 or .2 after the number. Each of these is a separate unit with its final examination. The figures .1 and .2 after the same number for two courses indicate that those two courses are complementary, and together form an instructional program. The first course may or may not be prerequisite to the second; and it may or may not be required to take both courses.

Prerequisites to a course are shown in parentheses. Courses not being offered in 1949-50 are bracketed. Abbreviations include: Lab., laboratory period; Lect., lecture period; D., Drama. Courses marked with a section mark (§) are approved for election in Group A. (See page 37.)

The College reserves the right, without further notice, to cancel any course herein described, or to make any other changes in staff, fees, and courses which may be deemed necessary.

Special Major in American Civilization

The Departments of American Literature, History, and Political Science sponsor a Major in American Civilization designed with reference to the needs of students who desire during their college course to acquire a broad and comprehensive knowledge of the history, institutions, and culture of their country rather than to specialize in any one particular department. The major comprehends the following courses which, as far as possible, should be taken in the order designated: First year: Pol. Sc. 11; Second year: Hist. 22, Am. Lit. 21, Geog. 25.1 and 36.2; Third year: Hist. 36, Am. Lit. 31, Sociol. 21.1; Fourth year: Pol. Sc. 40 or 41, Am. Lit. 44.1, Fine Arts 36.1 and Research Course 50 in one of the three departments. Major requirements may be satisfied by the satisfactory completion of the courses designated.

Special Major in the Arts

Administered by Mr. BEDFORD, Mr. HEALY, Mr. VOLKERT

With the realization that a study of mankind in his cultural manifestations is a liberal education, a Field of Planned Study is offered in the Departments of Music, Drama, and Fine Arts, known as an Arts Major. The student may acquire a general conception of human accomplishments in these fields, and further extend his interest by advanced study or practice in any or all of them.

Required for a Major: Fine Arts 25.1, 25.2; Drama 23; Music 23.1, 23.2; plus a minimum of six credits in advanced courses in one of the three departments.

Recommended as courses offered in the spirit of this Major are Am. Lit. 21.1, 21.2; and Phil. 23.1, 23.2.

The study of History is thought by the committee to be a proper foundation for interest in this field. Attention is called to the fact that as a means of expression, courses in Creative Writing may be valued as a complementary expression as well as the course known as Dance as an Art Form.

Students interested in majoring in this field should consult the committee as early as possible.

Private Instruction in Violoncello with Dan Farnsworth. Those interested should see Mr. Carter.

MUSIC LIBRARY

The department equipment, augmented in 1937 by gifts from the Carnegie Corporation, now includes several thousand records, scores, and a cross reference file of the records. The collection kept in the Music Studio is available for both class work and student audition at hours set by the head of the department. Special listening equipment is available.

MUSIC ORGANIZATIONS

The College Little Symphony Orchestra is open to all students who play an orchestral instrument and who qualify after auditions. The Orchestra holds weekly rehearsals and prepares concerts. Advanced instrumentalists who can qualify may have the opportunity of playing with the Vermont State Symphony Orchestra. Mr. CARTER

The College Choir sings in daily chapel, Sunday Vespers, and special concerts. Admission is by try-out.

Mrs. BUSSEY

The Freshmen Choir is open to all classes and sings from time to time in chapel and prepares programs to be given on campus.

Mrs. BUSSEY

Playing in small ensembles is encouraged. Those interested should see Mr. Carter. The Choir and Orchestra work together on oratorios from time to time. Works

given in recent years include: Mozart, Brahms, Faure *Requiems*, Handel *Messiah*, and Bach *Mass in B minor*, and *St. Matthew Passion*.

CONTEMPORARY CIVILIZATION	POLITICAL SCIENCE
ECONOMICS	PSYCHOLOGY AND EDUCATION
HISTORY	SOCIOLOGY

Special Major in American Civilization

The Departments of American Literature, History, and Political Science sponsor a Major in American Civilization designed with reference to the needs of students who desire during their college course to acquire a broad and comprehensive knowledge of the history, institutions, and culture of their country rather than to specialize in any one particular department. The major comprehends the following courses which, as far as possible, should be taken in the order designated: First year: Pol. Sc. 11; Second year: Hist. 22, Am. Lit. 21, Geog. 25.1 and 36.2; Third year: Hist. 36, Am. Lit. 31, Sociol. 21.1; Fourth year: Pol. Sc. 40 or 41, Am. Lit. 44.1, Fine Arts 36.1 and Research Course 50 in one of the three departments. Major requirements may be satisfied by the satisfactory completion of the courses designated.

Special Major in the Social Studies for Teaching

A special major in social studies for teaching is offered because high school teachers of social studies must draw on knowledge from several different departments. This major provides for a maximum of sixty-three hours in social studies and eighteen hours in education leaving considerable freedom of choice for the balance of the student's program. Details of the program for this major may be procured from the members of the Department of Psychology and Education.

Development of political ideas and concepts; major contributions to the explanation of the political organization of society; to include the European heritage of thought, principle American ideas, and the problems of the 20th century. (Pol. Sci. 11.1, 11.2.)

Mr. EIMERL

38.2 POLITICAL THEORY

Spring semester

Continuation of 38.1 (Pol. Sci. 38.1.)

Mr. EIMERL

40.1 AMERICAN POLITICS AND LEGISLATION

Fall semester

The theory of politics; political parties, interest groups, the electoral system and their function in the initiation and control of governmental policies. (Pol. Sci. 11.1, 11.2.)

Mr. HOAG

40.2 AMERICAN POLITICS AND LEGISLATION

Spring semester

Legislative organization and the law-making process, with emphasis on the function of the power groups studied in the first semester. Closely related to current legislative proceedings. (Pol. Sci. 40.1.)

Mr. HOAG

41.1 UNITED STATES CONSTITUTIONAL LAW

Fall semester

The development and growth of the Constitution through a study of selected Supreme Court decisions and assigned readings. Emphasis upon the political, social

and economic causes and consequences of constitutional change brought about through the operation of judicial review of legislation. (Pol. Sci. 11.1, 11.2.)

Mr. BOGART

41.2 UNITED STATES CONSTITUTIONAL LAW
Continuation of 41.1. (Pol. Sci. 41.1.)

Spring semester

Mr. BOGART

50.1 }
50.2 } RESEARCH PROBLEMS IN GOVERNMENT

Fall and Spring semesters

Associate Professor CLARK

Assistant Professor WILSON

Assistant Professor VALENTINE

PSYCHOLOGY

Required for a Major: 20.1 or Education 21.1, 35.2, 31.1, and 45.1, 45.2, 46.1. Ed. 34.2 may be credited toward a major.

Minimum requirements from other departments: Biology 11.2, two courses in Philosophy and two in Sociology.

Cognate courses recommended: American Literature 21.1, 21.2; Economics 21; History 36.1, 36.2; Political Science 11.1, 11.2.

20.1 GENERAL PSYCHOLOGY (INTRODUCTORY COURSE)

Fall and Spring semesters

An introduction to the major facts and principles of human motivation, intelligence, learning, personality, thinking, feeling, and emotion. Psychology 20.1 may be combined with Sociology 21.1, to form a year's sequence in either order. Open to Freshmen with the permission of the adviser. For those planning to teach, see Education 21.1.

Mr. WILSON, Mr. VALENTINE

24.2 APPLIED PSYCHOLOGY

Spring semester

Application of the principles and methods of psychology to the major areas of human interests. Contributions of psychology to human welfare. (Psych. 20.1 or Ed. 21.1.)

Mr. WILSON

31.1 TESTS AND MEASUREMENTS—BASIC CONCEPTS

Fall semester

The statistical concepts underlying the construction and interpretation of psychological and educational tests. (Psych. 20.1 or Ed. 21.1.)

Mr. WILSON

31.2 TESTS AND MEASUREMENTS—APPLICATIONS

Spring semester

Statistical techniques applied to the best known tests in the fields of intelligence, aptitudes, personality, vocational interests, and attitudes. (Psych. 31.1.)

Mr. WILSON

32.2 CHILD AND ADOLESCENT PSYCHOLOGY

Spring semester

A study of the developing patterns of behavior from the prenatal period through adolescence. Emphasis on the mental and physical changes in adolescence and their effect on behavior. The problems involved in teaching, guidance and control. (Psych. 20.1 or Ed. 21.1.) (Not open to freshmen.)

Mr. CLARK

35.2 SOCIAL PSYCHOLOGY

Spring semester

Science of the behavior of individuals in relationships to one another. Attitudes, prejudice, propaganda, group dynamics, leadership, industrial conflict, international tension, and allied topics. (Psych. 20.1 or Ed. 21.1.) (Not open to freshmen.)

Mr. VALENTINE

45.1 INDIVIDUAL PSYCHOLOGY AND PSYCHOMETRICS

Fall semester

The various procedures and techniques for evaluating individual traits. A major objective is the analysis and administration of intelligence tests. Each student is required to participate in giving individual tests and interviews at all levels from nursery school to high school. (Open only to junior and senior majors in Psychology.)

Mr. HOWARD

45.2 MENTAL ADJUSTMENTS

Spring semester

Factors operative in building normal, wholesome personality. Types of maladjustment within and without the range of normality. Preventive and remedial measures used in dealing with personality problems. (Three courses in Psychology and permission.)

Mr. HOWARD

46.1 ADVANCED STUDIES IN PSYCHOLOGY

Fall semester

Integration of history, schools and methods of psychology with reference to certain basic problems. (Required of psychology majors.)

Mr. VALENTINE and STAFF

47.1 PSYCHOLOGY IN PERSONNEL AND INDUSTRY

Fall semester

An analysis of the techniques used and the problems arising from the application of psychology in the fields of business and industry. (Psych. 31.1 or 45.1 and written permission of the instructor.)

Mr. VALENTINE

50.1 } SPECIAL 50.2 }

EDUCATION

Majors in Education are not permitted. Students who plan to prepare for teaching are urged to consult the department before their program for the sophomore year is considered final.

For students desiring to prepare for teaching Social Studies in the secondary school a special major in Social Studies for Teaching is administered by the Department of Psychology and Education.

For students desiring to prepare for teaching Science in the secondary schools, the Departments of Biology, Chemistry and Physics each offer a special major.

All students preparing to become teachers in secondary schools have the benefit of a special guidance program conducted by the Department of Psychology and Education.

Requirements for certification in the eastern states will be supplied through special bulletins prepared by the department. In most states Psychology 31.1, 31.2, and 32.2 will be accepted for credit toward the teaching certificate, and in certain circumstances other psychology courses also. However some states will not accept Psychology 20.1 in place of Education 21.1.

Candidates for the secondary school certificate in New York State must complete a four-year course leading to the baccalaureate degree and in addition 30 hours of approved advanced courses. Students wishing to remain at Middlebury for the completion of a five-year program may pursue the advanced studies in one or more of the departments offering graduate work under the conditions prescribed on pages 42-43 of this catalogue. Six hours of advanced work in Education should be completed in the fifth year. For details of the five-year plan students should consult the department.

21.1 EDUCATIONAL PSYCHOLOGY Fall semester
 Exploration of the role of the teacher; inborn tendencies; learning; motivation; intelligence; individual differences; simple measurements; attitudes; mental hygiene. —Credit is not granted for both Ed. 21.1 and Psych. 20.1. Mr. CLARK

26.2 AIMS AND ORGANIZATION OF SECONDARY EDUCATION Fall semester
 Critical analysis of secondary education in the United States; sociological background; the problem of objectives; curricular and administrative organization; contributions of subject fields to development of youth. Mr. CLARK

34.2 PSYCHOLOGY OF LEARNING AND TEACHING METHODS Spring semester
 Teaching theory is the groundwork of this course. From this applications are made to teaching method, and auxiliary readings in methods and other aspects of the subject supplement the work in the text. Mr. CLARK

37.1 HISTORY OF EDUCATION Spring semester
 A historical approach to educational ideas and great educational reformers through the ages, with the emphasis on broad cultural aspects of the subject. Readings from Plato, Aristotle, Luther, Loyola, Rousseau, Comenius, Jefferson Emerson, Froebel, Dewey and other great educational thinkers. Mr. CLARK

42.1 PRACTICAL WORK IN TEACHING Fall and Spring semesters
 Apprentice teaching at the local high school: observation; reading papers; supervising laboratory work; giving special assistance to pupils, according to nature of subject and needs of students and class. Taking complete charge of class for certain units. Conferences with an instructor in the department. (Ed. 21.1, 33.1, or 34.2 and permission.) Fee, \$5. Mr. CLARK

43.2 ADVANCED APPRENTICE TEACHING Fall and Spring semesters
 In addition to the regular assignments in teaching and observation and conferences with the instructor, each student is required to prepare a special report on an investigation of some phase of education related to the subject taught. (Permission.) Fee, \$5. Mr. CLARK

50.1 } SPECIAL Fall and Spring semesters
 50.2 }
 Special problems for advanced students. Mr. CLARK

COURSES IN SPECIAL METHODS

The following departments offer courses in special methods. Descriptions of these courses are given under the announcements of the respective departments.

Classics	History	Mathematics
English	Home Economics	Physical Education

SOCIOLOGY

PROFESSOR SHOLES
 Mr. PARKER

Required for a Major: 21.1, 22.1, 23.1 or 23.2 two courses from 31.1, 31.2, 43.1, 41.2; two additional courses according to the field chosen; and 50.2.
 Cognate courses vary accordingly as the student wishes (1) a general major in sociology (2)

preparation for advanced training in a school of social work (3) preparation for social work immediately after college.

Recommended: (1) A.L. 21.1, 21.2 or History 36.1, 36.2; Biology 11.2; English 28.1, D21.2; Psychology 20.1 and 35.2; (2) Biology 11.2; English 28.1, D21.2; Psychology 20.1, 35.2, 45.1 or 45.2 or 47.1; (3) English 28.1, D21.2; Economics 21, 41.1; Political Science 21.1; Psychology 20.1, 32.2 or 45.1, 45.2.

21.1 SOCIAL PROBLEMS

Fall and Spring semesters

A study of some contemporary social problems, an analysis of their origin, a description of their nature, a survey of their range, and evaluations. Sociology 21.1 may be combined with Psychology 20.1 to form a year's sequence in either order.

Mr. PARKER, Mr. SHOLES

22.1 PRINCIPLES OF SOCIOLOGY

Fall semester

A study of the organization of society stressing the interrelationship of culture, heredity, natural environment and the group.

Mr. PARKER

23.1 SOCIAL ANTHROPOLOGY

Fall semester

A general but basic study of the origins and principles of our present institutions, arts, and sciences, from the ancients and primitives, with special emphasis on tracing their development throughout history.

Mr. SHOLES

23.2 SOCIAL ANTHROPOLOGY

Spring semester

A specific and comparative study of the ideas, customs, arts, and institutions of the savages and their survival in civilized society.

Mr. PARKER

31.1 SOCIOLOGY OF RURAL LIFE

Fall semester

The study of rural social relationships. The rural world. The rural population. Rural social organization. Rural social processes. (Soc. 21.1 or 22.1.)

Mr. SHOLES

31.2 SOCIOLOGY OF URBAN LIFE

Spring semester

The rise of urbanism. Social ecology of the city. Urban population and migration. Urban social relationships. Urban personality. Organization of urban life. Urban problems.

Mr. PARKER

34.2 RACE, CULTURE AND POPULATION

Spring semester

The effects of interraction. The problems arising from relations between minority and dominant groups. Their contributions to American culture. (Soc. 21.1 or 22.1.)

Mr. PARKER

41.2 MARRIAGE AND THE FAMILY

Spring semester

The Family in history and in modern society with particular reference to its problems. Courtship. Wedding. Reproduction. Adjustments. Children and child training. Religious and legal aspects. Divorce. The future of marriage. Seniors, Juniors.

Mr. SHOLES

43.1 CRIMINOLOGY

Fall semester

The pathology of social relationships as shown in delinquency and crime. Historical and modern; justice, punishment, and reform. (Soc. 21.1 or 22.1 or permission.) Trip fee, \$5.

Mr. SHOLES

46.1 THEORY AND METHODS OF SOCIAL WORK

Fall semester

A correlating and integrating course for those advanced students interested in federal, state, local and private social work agencies. The aims and methods of case

work, group work, community organization, using the case study method. (31.1, 31.2, 34.2 or permission.) Mr. PARKER

46.2 THEORY AND METHODS OF SOCIAL WORK Spring semester
Continuation of 46.1. (Soc. 46.1.) Mr. PARKER

49.2 MARRIAGE SEMINAR Fall and Spring semesters
An advanced course for a limited number of Seniors. (Advance arrangements and permission.) Trip fee, \$5. Mr. SHOLES

50.2 SOCIAL INSTITUTIONS Spring semester
A seminar required of all Sociology majors in their senior year. A study of the community as a collection of different special institutions. The economic, the governmental, the religious, the family. The interrelationship of institutions. (Five courses in Sociology or permission.) Mr. SHOLES, Mr. PARKER

Program for High School Teachers of Science

The Departments of Biology, Chemistry and Physics each offers a special major for students desiring to prepare for high school teaching. This major provides a thorough grounding in the individual science studied, and an acquaintanceship with the other natural sciences. Details of the program may be learned from the chairmen of the respective departments.

30.1 SCIENCE

Fall semester

A course designed by the Science Division for non-science students. It aims to point out to the non-science student the overall scope of science, the methods and approaches employed by the scientist, and to impart some ideas as to the present frontiers and problems in the fields of science. (One laboratory course in science.) Mr. PATT

30.2 SCIENCE

Spring semester

Continuation of Science 30.1.

Mr. PATT

BIOLOGY

Associate Professor HITCHCOCK
Associate Professor WEBSTER
Assistant Professor PATT

Required for a Major: 11.1, 11.2, 21.1, 22.2, 44.2 and three other courses; Chemistry 11 or 12. Recommended: Chemistry 23; Philosophy 22.1 or 36.2.

Joint major in Biology and Chemistry. Required for a Major: Biology 11.1, 11.2, 21.1, 44.2 and one elective; Chemistry 11 or 12, 21.1, 21.2, 23, 31.2; Physics 21.1, 21.2; Mathematics 11 or 12; German 11.1, 11.2, 22.1, 22.2.

INTRODUCTORY BIOLOGY

A student may enter either part of the introductory course without prerequisite. Both parts must be taken by those electing Biology to fulfill the college requirement of a laboratory science.

11.1 BOTANY

Fall and Spring semesters

A study of plant life with emphasis on anatomy, physiology and development of the seed plants. 3 hrs. lect., 3 hrs. lab.—4 credits. Laboratory fee \$10. Mr. WEBSTER

11.2 ZOOLOGY

Fall and Spring semesters

Correlation of structure and function in representative animals; developmental processes; elementary genetics; theories of evolution. 3 hrs. lect., 3 hrs. lab.—4 credits. Laboratory fee \$10. Mr. HITCHCOCK

21.1 COMPARATIVE ANATOMY OF VERTEBRATES

Fall semester

A study of vertebrate structure, adaptation and evolution. Dissection of repre-

sentative types. (Biol. 11.2.) 3 hrs. lect., 6 hrs. lab.—5 credits. *Laboratory fee \$10.*
Mr. HITCHCOCK

22.2 PLANT MORPHOLOGY Spring semester
Comparative survey of the structure, reproduction and relationships of the major
groups of plants. (Biol. 11.1.) 2 hrs. lect., 6 hrs. lab.—4 credits. *Laboratory fee \$10.*
Mr. WEBSTER

24.2 COMPARATIVE EMBRYOLOGY Spring semester
General principles of animal development, with emphasis on vertebrate types.
Detailed laboratory study of early development of frog, chick and pig. (Biol. 11.2,
21.1 or permission.) 3 hrs. lect., 6 hrs. lab.—5 credits. *Laboratory fee \$5.*
Mr. HITCHCOCK

[31.1 HUMAN PHYSIOLOGY]
Offered in alternate years; to be given in 1950-51.

[34.1 HISTOLOGY]
Offered in alternate years; to be given in 1950-51.

41.1 GENERAL BACTERIOLOGY Fall semester
Principles and techniques of growing and studying bacteria. (Biol. 11.1 or Chem.
23.) 3 hrs. lect., 6 hrs. lab.—4 credits. *Laboratory fee \$10.* Offered in alternate
years; to be omitted in 1950-51. Mr. WEBSTER

42.1 GENETICS Fall semester
Principles of inheritance in plants and animals, including man. Laboratory study of
heredity mechanisms of the fruit fly. (Biol. 11.2.) 3 hrs. lect., 3 hrs. lab.—4 credits.
Laboratory fee, \$5. Mr. PATT

44.2 GENERAL PHYSIOLOGY Spring semester
A detailed study of the dynamic processes of life, with emphasis on excitation, con-
tractility, metabolism, surface action, enzymal and hormonal action. (Biol. 11.1 or
11.2; Chem. 11 or 12; Chem. 23 recommended. Seniors or permission.) 3 hrs.
lect., 6 hrs. lab.—5 credits. *Laboratory fee, \$10. and breakage.* Mr. PATT

INSTRUCTORS

Required for a Major: 11 or 12, 21.1, 23, 31.1 and 31.2, 41 and either 42.1 and 42.2, 43.1 and
43.2, 49.1 and 49.2, or 50.1; Mathematics 11, 21; German 22.1 and 22.2; Physics 21.1
and 21.2; six terms of Humanities, exclusive of English and languages.

Recommended: Chem. 21.2, Additional Physics, English, and Mathematics; Elements of Drafting
or another science.

Students who are preparing for medicine and who wish to complete a major in this depart-
ment will be allowed to substitute courses in other departments for certain of these courses which
are not specifically required by the medical schools.

Joint major in Biology and Chemistry. Required for a Major: Biology 11.1, 11.2, 21.1, 44.2 and one elective; Chemistry 11 or 12, 21.1, 21.2, 23, 31.2; Physics 21.1, 21.2; Mathematics 11; German 11.1, 11.2, 22.1, 22.2.

Students wishing to prepare to become high school teachers of science with concentration in Chemistry should ask Mr. Voter for details of the special program.

The Chemistry department is accredited by the Committee on the Professional Training of Chemists of the American Chemical Society and this program of study is designed to meet the recommendations of that committee. The courses provide a thorough training in the fundamentals of Chemistry and its relation to other scientific fields, medicine, engineering, and related subjects. Students completing this program satisfactorily will be adequately qualified for advanced work in graduate schools or positions in chemical industry. Majors should have their programs approved by the Chairman of the department early in their college course if they wish to be accredited by the Society.

A deposit fee to cover cost of broken apparatus is charged in each laboratory course, to be paid to the Treasurer at the beginning of each term.

11. GENERAL CHEMISTRY

Fundamental principles of chemistry; study of the elements, their compounds, reactions, etc., including a historical, philosophical background; the more recent industrial processes and applications; elementary qualitative analysis. Problem drill, conferences; 3 hrs. lect., 5 hrs. lab.—8 credits. *Laboratory fee, \$10 per semester and breakage.* Mr. PHILLIPS

12. INTRODUCTORY GENERAL CHEMISTRY

This course is similar in general plan and content to Chemistry 11, but designed for those who have had no previous chemical training or whose chemical training is inadequate for 11. With frequent conferences, problem drill, and individual attention, the student is brought to the sophomore level at the end of two terms. 4 hrs. lect., 4–5 hrs. lab.—8 credits. *Laboratory fee, \$10 per semester and breakage.*

INSTRUCTOR

21.1 CHEMICAL PRINCIPLES AND QUALITATIVE ANALYSIS

Fall semester

Elementary chemical theory, theory of solutions, equilibrium, reactions in solution; laboratory work in semi-micro qualitative analysis. (Chem. 11.2 or 12.2; Math. 11.1 and 11.2.) 3 hrs. lect., 4 hrs. lab.—4 credits. *Laboratory fee, \$10 and breakage.*

Mr. VOTER

21.2 CHEMICAL PRINCIPLES AND QUALITATIVE ANALYSIS

Spring semester

Continuation of 21.1 with introduction to Physical Chemistry and physicochemical measurements. This course with 21.1 is designed also to meet the premedical requirements in physical chemistry. (Chem. 21.1.) Lectures, lab. hrs., lab. fees, and credits the same as for 21.1.

Mr. VOTER, Mr. HARRIS

23. INTRODUCTORY ORGANIC CHEMISTRY

Chemistry of the carbon compounds, both aliphatic and aromatic. Electronic and structural theory, organic synthesis, analysis and functional behavior of the important classes of compounds. (Chem. 11 or 12.) 3 hrs. lect., 6 hrs. lab.—10 credits. *Laboratory fee, \$12 per semester and breakage.*

Mr. HARNEST

31.1 QUANTITATIVE ANALYSIS

Fall semester

Lectures and laboratory work. Theories of analytical chemistry and general methods of gravimetric analysis with emphasis on accuracy and technique. (Chem. 21.1.) 3 hrs. lect., 8 hrs. lab.—5 credits. *Laboratory fee, \$10 and breakage.*

Mr. VOTER

31.2 QUANTITATIVE ANALYSIS

Spring semester

Continuation of 31.1. Laboratory work is chiefly volumetric analysis with some

training in electrolytic procedures. This course may precede 31.1. (Chem. 21.1.)
Lectures, lab. hrs., lab. fees, and credits the same as for 31.1. Mr. VOTER

41. PHYSICAL CHEMISTRY

Modern chemical theory extending and coordinating earlier courses. Physical states of matter, chemical thermodynamics, solutions, homogeneous equilibria. Heterogeneous and ionic equilibria, kinetics, electro chemistry, colloids, atomic and molecular structure. A knowledge of physics, the calculus, elementary organic chemistry, and quantitative techniques is required. Open to Physics majors by permission. (Chem. 21.1, 23, 31.2; Physics 21.1, 21.2; Math. 11, 21.) 3 hrs. lect., 4 hrs. lab.—8 credits. *Laboratory fee, \$10 per semester and breakage.* Mr. HARRIS

42.1 BIOCHEMISTRY

Chemistry, digestion, absorption, and metabolism of carbohydrates, lipids, proteins, amino acids, nucleoproteins and nucleic acids. (Chem. 23; Biol. 11.2; Chem. 31.2 recommended.) 3 hrs. lect., 6 hrs. lab.—4 credits. *Laboratory fee, \$10 and breakage.* Fall semester
INSTRUCTOR

42.2 BIOCHEMISTRY

Chemistry and physiology of vitamins, hormones, enzymes, and blood; chemistry of respiration, acid-base regulation; calorimetry, immuno-chemistry, and chemotherapy; qualitative and quantitative clinical procedures employed in the analysis of blood, urine, other body fluids, and animal tissues. (Chem. 23, 42.1; Chem. 31.2 recommended.) Lectures, lab. hrs., lab. fees, and credits the same as for 42.1. Spring semester
INSTRUCTOR

43.1 ADVANCED ORGANIC CHEMISTRY

Characterization of various types of organic compounds. Practice in qualitative analysis, separation of mixtures, and quantitative determination of elements and functional groups. Relation of physical properties and chemical constitution, functionalism and structure, analytical methods and syntheses. (Chem. 23, 31.2.) 2 hrs. lect., 6 hrs. lab.—4 credits. *Laboratory fee, \$12 and breakage.* Fall semester
Mr. HARNEST

43.2 ADVANCED ORGANIC CHEMISTRY

Studies in advanced synthesis; electronic theory; reaction mechanisms; molecular rearrangements; cyclic and polynuclear compounds; naturally occurring substances. Laboratory work in advanced synthesis, including individual projects. (Chem. 23, 31.2, 43.1 or permission.) 3 hrs. lect., 6 hrs. lab., lab. fees, and credits the same as for 43.1. Spring semester
Mr. HARNEST

49.1 ADVANCED INORGANIC CHEMISTRY

Atomic and molecular structure, periodicity of the elements, coordination compounds, poly-acids, hydrogen and the hydrides, inorganic free radicals, non-metallic oxides. Laboratory work in advanced synthesis. (Prerequisites same as for Chem. 41, at least simultaneously.) 3 hrs. lect., 4 hrs. lab.—4 credits. *Laboratory fee, \$10 and breakage* Fall semester
Mr. HARRIS

49.2 ADVANCED INORGANIC CHEMISTRY

Recent chemistry of metals and non-metals, interhalogen compounds, peracids, carbonyls, intermetallic compounds, non-aqueous systems. Theory and technique of chemical spectroscopy and microscopy. (Prerequisites same as for Chem. 41 at least simultaneously.) A course in light is strongly recommended. Lectures, lab. hrs., lab. fees, and credits same as for 49.1. Spring semester
Mr. HARRIS

50.1-2 RESEARCH

GEOLOGY, GEOGRAPHY, DRAFTING

Professor SWETT*

Associate Professor SCHMIDT

Assistant Professor ILICK

Required for a Major: 21.1, 21.2, 25.1, 25.2, 27.1, 38.2 (Geol. only). For students specializing in Geology, 31.1, 31.2, 32.1, 32.2, 41.2. For students specializing in Geography, 35.1, 35.2, 36.1, 36.2, 50.1.

Recommended: For Geology students, four courses in some other science. For Geography students, two courses each in Economics, History, Political Science, Sociology.

21.1 PHYSICAL GEOLOGY

Fall semester

The physical features of the earth; the agencies responsible for our topography; the structure of the earth's crust; and the more important rocks and minerals. Laboratory work and field trips.—4 credits. Field trip fee, \$6.

Mr. SCHMIDT, Mr. ILICK

21.2 HISTORICAL GEOLOGY

Spring semester

The origin of the earth and its physical changes during geologic time; the rise and evolution of organic forms as disclosed by fossils, and the causes for this progressive development; how the continents and climates have changed during geologic time; when our mountains and natural resources were formed. Laboratory work and field trips. (Geol. 21.1.) Field trip fee, \$4.

Mr. SCHMIDT, Mr. ILICK

31.1 MINERALOGY

Fall semester

The identification of the important minerals by blowpipe, flame, bead, and sensitive chemical tests, and study of the crystal structure of the minerals. Field trips. Limited to ten students. (Geology 21.1 or Chemistry 11.1.) Laboratory fee, \$5.

Mr. SCHMIDT, Mr. ILICK

31.2 ECONOMIC GEOLOGY

Spring semester

Geologic origin, use, and world distribution of fuels, non-metallic, and metallic minerals. Discussion of prospecting, drilling, mining, milling, and concentration methods used. Special emphasis will be given to the resources of the United States and the Western Hemisphere in strategic essential minerals. (Geology 21.2, 31.1, or permission.) Field trip fee, \$5.

Mr. SCHMIDT

[32.1 GEOLOGY OF EASTERN NORTH AMERICA]

A detailed survey of the geologic history, rock structures, and mineral deposits of central and eastern North America. Classroom discussion, outside reading in geologic literature, and reports. (Geol. 21.2.) Given in alternate years; to be given in 1950-51.

Mr. SCHMIDT

*On leave during second semester.

[32.2 GEOLOGY OF WESTERN NORTH AMERICA]

Continuation of 32.1, with the same method. (Geol. 21.2.) Given in alternate years; to be given in 1950-51.

Mr. SCHMIDT

41.1 STRUCTURAL AND FIELD GEOLOGY

Fall semester

Limited to students majoring in Geology.

Mr. SCHMIDT

41.2 STRUCTURAL AND FIELD GEOLOGY

Spring semester

A continuation of Geology 41.1.

Mr. SCHMIDT

GEOGRAPHY

25.1 ELEMENTS OF GEOGRAPHY

Fall semester

Study of the major component elements of the geographic landscape and the interpretation and significance of their areal association through the consideration of projections, maps, climate, landforms, natural resources, etc. One 2-hour laboratory a week. Hours to be arranged.

Mr. ILLICK

25.2 ECONOMIC GEOGRAPHY

Spring semester

Regional and occupational study of the countries and peoples of the world. Understanding of national and occupational interrelationships is gained by examination of population pressures, distribution of crops and mineral resources, ports, trade and industrial areas. One 2-hour laboratory a week. Hours to be arranged. (Geog. 25.1)

Mr. ILLICK

34.1 METEOROLOGY

Fall semester

An introductory course covering the basic principles. (A high school or college course in general physics is recommended.)

Mr. SWETT

35.1 GEOGRAPHY OF EUROPE AND NORTH AFRICA

Fall semester

An analysis of the geographic regions, climate, landforms, mineral resources, etc., in its bearing upon the current economic, social, and political life of the countries of Europe and North Africa. (Geog. 25.1.) Offered in alternate years; not to be given in 1950-51.

35.2 GEOGRAPHY OF LATIN AMERICA

Spring semester

Environmental factors basic to understanding the historical and economic development of Central and South America. Geographic aspects of relationships to the United States and other countries. (Geog. 25.1.) Offered in alternate years; not to be given in 1950-51.

[36.1 GEOGRAPHY OF ASIA, AFRICA, AND THE AUSTRALIAN REGION]

Geographic evaluations of the major regions of these continents and the part they play in international affairs. Emphasis is placed on the Asiatic realm. (Geog. 25.1.) Offered in alternate years; to be given in 1950-51.

Mr. ILLICK

[36.2 GEOGRAPHY OF NORTH AMERICA]

Geographic adjustments in various natural regions of the United States and Canada. Problems of agriculture, industry, trade, politics, and life are related to environmental factors. (Geog. 25.1.) Offered in alternate years; to be given in 1950-51.

Mr. ILLICK

- 50.1 } ADVANCED STUDY OR HONORS WORK Fall and Spring semesters
 50.2 }

DRAFTING

- 27.1 ELEMENTS OF DRAFTING Fall semester
 Designed for students of a liberal arts college who desire a course in the graphic language as an aid in reading and rendering drawings of various types. *Instrument fee, \$3.* Mr. SWETT

- [27.2 ELEMENTS OF DRAFTING]
 Continuation of 27.1. (Draft. 27.1.) *Instrument fee, \$3.* Mr. SWETT

- 28.1 ENGINEERING DRAWING Fall semester
 Especially for students electing the cooperative arrangement with M.I.T. This course together with 28.2 is equivalent to similar courses required of all freshmen at M.I.T. Lettering; projection drawing; dimensioning; technical sketching; working drawings; various curves; graphical integration and differentiation. *Instrument fee, \$3.* Mr. SWETT

- [28.2 GEOMETRY OF ENGINEERING DRAWING]
 Descriptive Geometry presented by the direct method in the solution of problems relating to lines and planes; single-curved, double-curved, and warped surfaces; intersection and development of surfaces. (Draft. 28.1.) *Instrument fee, \$3.*
Mr. SWETT

- [38.2 SURVEYING]
 Basic principles of surveying. Fieldwork with compass, level, transit and plane table. Mapping from fieldnotes. (Draft. 27.1 or 28.1.) *Instrument fee, \$3.*
Mr. SWETT

HOME ECONOMICS

Associate Professor GIBSON

MRS. REESE

MISS CAUGHRAN

Required for a Major: 11.1, 11.2, 31, 35.1, 33.1 or 45.2 plus a minimum of 9 to 12 semester hours, chosen with reference to student's objectives. Cognates are usually selected from the fields of Science, Sociology, Economics, Physical Education, Psychology and the Arts. Required: Physical Education 36.2; Sociology 41.2.

- 11.1 FOODS Fall semester
 Food selection, preparation, and serving. Fundamental cookery processes and service of simple home meals. Complementary to 11.2 but may follow it. *Laboratory fee, \$10.* MISS GIBSON

- 11.2 NUTRITION Spring semester
 Fundamentals of nutrition. A study of dietary needs and food values. Food selection and meal planning with special emphasis on cost and nutritive value. Complementary to 11.1 but may precede it. *Laboratory fee, \$10.* MISS GIBSON

21. CLOTHING AND TEXTILES

Fundamental techniques of sewing; use of sewing equipment, commercial patterns and standards of fitting through construction of garments. Survey of textiles; basic fibres, weaves and construction of fabrics, with emphasis on consumer problems. The aesthetic, hygienic and economic factors involved in clothing selection. *Laboratory fee, \$6.* Miss CAUGHRAN

[22.1 RELATED ART]

A fundamental course in appreciation, including a study of color theory and of the art principles, both abstractly and in their application to problems relating to costume and to interiors. *Laboratory fee, \$2.* Offered in alternate years; to be given in 1950-51.

31. ADVANCED FOODS

Food preservation; finer aspects of cookery including the application of scientific principles to cookery processes; food demonstrations; experimental cookery problems; food marketing problems and consumer education. (Home Ec. 11.1 and 11.2; Chem. 11.) *Laboratory fee, \$20.* Miss GIBSON

33.1 HOUSEHOLD ADMINISTRATION

Fall semester

Economic problems of the household; consumer buying; standards of living; income management; household budget and accounts; economic position of homemaker; scientific management; heating; lighting; plumbing; equipment. (Home Ec. 11.1 and 11.2 or Econ. 21 or permission.) Miss CAUGHRAN

34.2 HOUSE PLANNING AND DECORATION

Spring semester

Study of design principles as applied to houses; color schemes; house plans; grounds; period furniture; fundamental factors involved in choosing appropriate furnishings. (Home Ec. 21, 22.1, 33.1 or permission.) Miss CAUGHRAN

35.1 HOME MANAGEMENT HOUSE

Fall and Spring semesters

One term's residence in the Home Management House, with daily participation in planning, buying, accounting, preparation and serving of meals, and care of the house. Conferences and reading assignments. (Permission.) Miss GIBSON

41. ADVANCED CLOTHING AND DESIGN

Study of historic costume in relation to design. Development of creative techniques in design through making of basic pattern and draping on figures. Construction of garments requiring advanced techniques and use of individual pattern. Social and economic aspects of clothing. (Home Ec. 21; 22.1 desirable). *Laboratory fee, \$10.* Miss CAUGHRAN

42.1 METHODS OF TEACHING HOME ECONOMICS

Spring semester

A study of objectives; subject matter as related to community needs; methods of presentation; courses of study; textbooks; equipment; problems of management and of departmental administration. (Five courses in Home Ec.) Offered in alternate years; not to be given in 1950-51. STAFF

[43.2 DIETETICS]

45.1 QUANTITY COOKERY

Fall semester.

Detailed application of preparation and method of serving foods in large quantities. Cost and chemical analysis and standardization of recipes. (Permission.) Mrs. REESE

[45.2 INSTITUTION MANAGEMENT]

50.1 }
50.2 } SPECIAL

Fall and Spring semesters

Opportunity for senior majors to undertake advanced study according to their needs.

MATHEMATICS

Professor BOWKER
Professor HAZELTINE
Associate Professor BALLOU

Required for a major: 11 or 12, 21, 31.1, 31.2, 41.1, 46; one other course in the Department or Physics 47.1 and 47.2; Physics 21.1, 21.2, or 11.1, 11.2.

Recommended: Other courses to be selected will depend upon the student's purpose in majoring in mathematics.

11. ELEMENTARY MATHEMATICAL ANALYSIS

Designed to give a comprehensive survey of the most useful parts of elementary mathematical theory. The course covers elements of college algebra, plane trigonometry, analytic geometry and an introduction to the calculus. The mathematics essential for an understanding of texts dealing with elementary physics and chemistry is stressed.

Mr. BOWKER, Mr. HAZELTINE

12. MATHEMATICAL ANALYSIS

This course is designed to meet the needs of students who have had four years of preparatory school mathematics including a complete course in plane trigonometry. Topics are taken from the fields of college algebra and the theory of equations during the first semester; the second semester follows the Mathematics 11 program of analytic geometry and an introduction to the calculus. Students for this course will be selected by the Department from those who register for Mathematics 11.

Mr. BALLOU

21. MATHEMATICAL ANALYSIS—DIFFERENTIAL AND INTEGRAL CALCULUS

A logical continuation of 11 or 12. Here the process of differentiation is more rigorously treated and more extensively applied. A thorough study of the technique of integration with applications. (Math. 11 or 12.)

Mr. BALLOU

[22.1 MATHEMATICS OF FINANCE]

Annuities Certain applied to the theory of investment, the amortization of debts, depreciation, and bond finance. Offered in alternate years; to be given in 1950-51.

[22.2 MATHEMATICS OF FINANCE]

Life Annuities developed through the mathematical theory of probability and applied to the mathematics of life insurance. Offered in alternate years; to be given in 1950-51.

31.1 ADVANCED MATHEMATICAL ANALYSIS

Fall semester

Here the applications of integration are taken from mechanics and the spatial coordinate systems of solid analytic geometry. The course includes Maclaurin, Taylor, and Fourier Series, and hyperbolic functions. (Math. 21.)

Mr. HAZELTINE

31.2 ADVANCED MATHEMATICAL ANALYSIS

Spring semester

Continuation of 31.1. This course works through methods of approximate integra-

tion, indeterminate forms, and improper integrals to a study of algebraic processes applied to geometric properties of curves. (Math. 31.1.) Mr. HAZELTINE

41.1 DIFFERENTIAL EQUATIONS

Fall semester

A treatment of ordinary differential equations including the principal types of first and second order equations, simultaneous equations, and linear equations with constant coefficients. Special emphasis is placed on those forms of equations which are used in advanced work in the sciences. (Math. 21.) Mr. HAZELTINE

41.2 ADVANCED CALCULUS

Spring semester

Further topics in the calculus taken from partial differentiation, line integrals, infinite series, vector analysis; limits and continuity. (Math. 41.1.) Mr. BALLOU

42.1 TEACHING OF PREPARATORY MATHEMATICS

Fall semester

Essentially a course for prospective teachers of preparatory school mathematics. Consideration of the place and use of algebra, geometry, and trigonometry, and the standards to be set in the teaching of these subjects; historical and biographical material, selection of texts and the planning of courses; methods of presentation and explanation. (Math. 21 or 22.2.) Offered in alternate years; not to be given in 1950-51.

Mr. BOWKER

45.1 STATISTICAL METHOD

Fall semester

The fundamentals of statistical analysis. The organization and interpretation of statistical data, frequency distributions, measures of central tendency, moments of the distribution, linear trends, linear correlation. Modern automatic calculating machines are used. (Math. 11 or 12 or permission.) Offered in alternate years; not to be given in 1950-51. *Computing Machine fee, \$6*

Mr. BOWKER

45.2 MATHEMATICAL STATISTICS

Spring semester

Emphasis on the use of mathematical concepts by statisticians in the study and interpretation of data. Systems of frequency curves and moments, theory of large and small sampling, simple, partial, and multiple correlation, measures of reliability, analysis of variance. (Math. 21 and 45.1.) Offered in alternate years; not to be given in 1950-51. *Computing Machine fee, \$6.*

Mr. BOWKER

46. SURVEY OF MATHEMATICS

A course for majors in mathematics designed to round out and extend the mathematics studied at Middlebury. The content may be varied somewhat from year to year better to meet the needs of those taking the course. (Math. 31.2 or 41.1.)

Mr. BALLOU

PHYSICAL EDUCATION (MEN)

Professor BROWN

Assistant Professor KELLY

Mr. NELSON

Mr. CICCOLELLA

Mr. SHEEHAN

Required for a Major: Twenty-four hours in the department and Biology 11.2, 31.1.

Recommended: Biology 21.1, Chemistry 11 or 12, English D21.1, D21.2, Psychology 20.1 or Education 21.1, Sociology 21.1.

Each man is given a yearly medical examination and periodic check-ups are made when necessary.

All physically fit freshmen are required to participate in organized activities at least three periods a week. Two terms of physical education are required for graduation. No academic credit is given for 11.1, 11.2, 12.1, or 12.2.

11.1 PHYSICAL TRAINING Fall semester
Marching tactics, calisthenics, apparatus exercises, group games, athletics. Emphasis on development of agility, strength and endurance. Physical Tests. Required of freshmen. STAFF

11.2 PHYSICAL TRAINING Spring semester
Continuation of 11.1. Required of freshmen. STAFF

12.1 PHYSICAL TRAINING Fall semester
Individual exercise or restricted activities. Open to students who need assistance in improving certain physical conditions or who require limited activity. STAFF

12.2 PHYSICAL TRAINING
Continuation of 12.1. STAFF

21.1 METHODS OF TEACHING Fall semester
Theory and practice. A study of gymnastic systems and methods of teaching tactics, calisthenics, and apparatus exercises. Major sports officiating. Practice teaching. Offered in 1949-50 and alternate years. MR. KELLY

21.2 ORGANIZATION OF PLAY Spring semester
History, nature and function, and methods of teaching play, group games, individual and mass athletics, and combative contests. Practice teaching. Offered in 1949-50 and alternate years. MR. KELLY

[22.1 SAFETY IN PHYSICAL EDUCATION]
Safety factors and liabilities for schools and communities. Offered in 1950-51 and alternate years. Open to men and women. (Prerequisite: Standard First Aid Certificate.)

[22.2 MINOR SPORTS]
Theory and practice. Rules, fundamentals and methods of teaching. Touch football, volleyball, handball, badminton, softball, squash, tennis and golf. Minor sports officiating. Practice teaching. Offered in 1950-51 and alternate years.

31.1 ATHLETIC COACHING Fall semester
Football and basketball theory. Fundamentals of play; styles of offense and defense with discussions of their strength and weakness; generalship and strategy. STAFF

31.2 ATHLETIC COACHING Spring semester
Theory of hockey, baseball, track and field. Fundamentals and team play in hockey and baseball; discussions of correct form in track and field events; methods of training and conditioning; treatment of athletic injuries. STAFF

40.1 INTRODUCTION TO TESTS AND MEASUREMENTS Fall semester
The development of tests and statistical measurements in physical education. (9 credit hours in physical education.) Open to men and women. MR. KELLY

41.1 ADMINISTRATION OF PHYSICAL EDUCATION Fall semester
Organization and supervision of school and college physical education programs. Administration of inter-school, inter-collegiate and intra-mural athletics. (9 credit hours in physical education.) Open to men and women. MR. BROWN

41.2 ADMINISTRATION OF PUBLIC RECREATION Spring semester
 Problems which confront the superintendent or director of recreation in cities and rural communities. Layout and equipment; organization and development of activities; publicity. (9 credit hours in physical education.) Open to men and women.
Mr. BROWN

50.2 SPECIAL Spring semester
 Opportunity for advanced study by senior majors. STAFF

PHYSICAL EDUCATION (WOMEN)

Associate Professor ROSEVEAR

Mrs. LEE

Miss SLEVIN

Required for a Major: every course listed in the Department and also Biology 11.2, 31.1. Fine Arts 37.1, 37.2.

Courses recommended: Biol. 21.1; Chemistry 11; English D21.1, D32; Home Economics 11.2; Philosophy 11.1; Psychology 20.1; Sociology 21.1.

Physical Education 15.1, 15.2, 25.1, 25.2 are required for graduation but carry no academic credit.

15. PHYSICAL EDUCATION

Techniques and skills in seasonal sports. Body mechanics and remedial gymnastics. Danish gymnastics. Fundamental rhythms. Hygiene. Required of Freshmen.

Miss ROSEVEAR, Miss SLEVIN

25. PHYSICAL EDUCATION

Dancing; rhythms; techniques and dance composition; national, folk and country dancing. Sports: team and individual. Home Nursing. Required of Sophomores.

Mrs. LEE

35.1 COACHING OF SPORTS

Fall semester

Theory and practice of coaching group games of high organization; field hockey, volleyball, basketball officiating. (May follow 35.2.)

Miss ROSEVEAR

35.2 COACHING OF SPORTS

Spring semester

Theory and practice of coaching group games of low organization; dual and single games; tennis, badminton, lacrosse, softball. (May precede 35.1.)

Miss ROSEVEAR

36.2 COMMUNITY HYGIENE AND CHILD DEVELOPMENT

Fall semester

The community's responsibility to the child; the child and the family; physical growth; motor development; play; mental, emotional, social development; observations at the local Nursery School. May be certified as a Home Economics course. Fee, \$2.50.

Miss ROSEVEAR

[38.1 AND 38.2 PHYSICAL EDUCATION]

45.1 METHODS OF TEACHING HEALTH AND PHYSICAL EDUCATION

Fall semester

Theory, practice, and presentation of physical education material; teaching of health and school health procedures; First Aid and safety.

Miss ROSEVEAR

45.2 METHODS OF TEACHING HEALTH AND PHYSICAL EDUCATION

Spring semester

Continuation of 45.1. (Phys. Ed. 45.1.)

Miss ROSEVEAR

46.1 RECREATIONAL LEADERSHIP (OPEN TO MEN AND WOMEN)

Fall semester

Selection and adaptation of play activities to age groups and interests. Social recreation programs; preparation for directing summer activities in towns. Camp counseling. Relation of music, drama, arts and crafts to recreation.

Miss ROSEVEAR, Miss SLEVIN

46.2 RECREATIONAL LEADERSHIP

Spring semester

Continuation of 46.1.

Miss ROSEVEAR, Miss SLEVIN

[48.1 AND 48.2 PHYSICAL EDUCATION]

PHYSICS

Professor WISSLER
Associate Professor HUBBELL
Mr. GLOWA

Required for a Major: 21.1, 21.2, 31.1, 32.2, 34.1, 42.2, 47.1, 47.2; Chemistry 11; Mathematics 21.

Students wishing to prepare to become high school teachers of science with concentration in Physics should ask Mr. Wissler for details of the special program.

11.1 INTRODUCTORY GENERAL PHYSICS

Fall semester

A general course on fundamental principles designed primarily for those students who are not intending to major in science. This course is not intended to meet Pre-Medical requirements. 3 hrs. lect., 3 hrs. lab.—4 credits. Laboratory fee, \$5.

Mr. WISSLER, Mr. GLOWA

11.2 INTRODUCTORY GENERAL PHYSICS

Spring semester

Continuation of 11.1. (Physics 11.1.) Same credits, hours and fee as for 11.1.

Mr. WISSLER, Mr. GLOWA

21.1 GENERAL PHYSICS

Fall semester

Introduction to fundamental principles designed for students intending to major in Physics or to continue work in other scientific fields. (Three years of prep. school math., math. 11, or permission.) 3 hrs. lect., 3 hrs. lab.—4 credits. Laboratory fee, \$5.

Mr. WISSLER, Mr. GLOWA

21.2 GENERAL PHYSICS

Spring semester

Continuation of 21.1. (Physics 21.1.) Hours, credits, and fee same as for 21.1.

Mr. WISSLER, Mr. GLOWA

31.1 LIGHT

Fall semester

Advanced course for those wishing more knowledge than can be obtained from GENERAL PHYSICS. Laws of reflection and of refraction with their applications; the wave theory of light; absorption, dispersion, interference, diffraction, and polarization. (Physics 21.2; Math. 21.2, or permission.) 3 hrs. lect., 3 hrs. lab.—4 credits. Laboratory fee, \$5.

Mr. WISSLER

32.2 ELECTRICITY AND MAGNETISM

Spring semester

Advanced course covering principles and applications of electric and magnetic fields, measuring instruments and techniques, Kirchoff's laws, D C circuits and an introduction to A C circuits. (Physics 21.2; Math. 21 or permission.) 3 hrs. lect., 3 hrs. lab.—4 credits. Laboratory fee, \$5.

Mr. HUBBELL

34.1 MODERN PHYSICS

Fall semester

Survey of recent discoveries in physics and theories based upon them: the electron, thermionics, photoelectric effect, X-rays, theory of spectra, atomic structure, radioactivity, nuclear physics and atomic energy. (Physics 21.2; Math. 21.2, or permission.) Mr. HUBBELL

42.2 ASTRONOMY

Spring semester

The celestial sphere; astronomical instruments; determination of latitude, longitude, and time; the earth as an astronomical body; the moon's motions and physical characteristics; the sun's physical characteristics; revelations of the spectroscope; eclipses; planets, comets, stars, and nebulae. The College Observatory is available for observational work. (Physics 11.2, or 21.2.) 3 hrs. lect., 3 hrs. lab.—3 credits. Laboratory fee, \$5. Mr. WISSLER

43.1 ELECTRONICS

Fall semester

Theoretical and experimental study of linear and non-linear AC circuits and such devices as thyratrons, vacuum tube amplifiers, rectifiers, oscillators and detectors; principles of radio, radar and wave propagation. (Physics 32.2 or permission.) 3 hrs. lect., 3 hrs. laboratory—4 credits. Laboratory fee, \$5. Mr. HUBBELL

47.1 ANALYTICAL MECHANICS—STATICS

Fall semester

A discussion of the statics of particles and rigid bodies. Composition and resolution of forces, equilibrium of concurrent and parallel forces in a plane, general cases of forces in a plane, concurrent forces in space, and the general case of forces in space. The methods of moments, projection, sections, and members are employed. Centers of gravity, centroid and static friction. (Physics 21.2; Math. 21.2.) Mr. HUBBELL

47.2 ANALYTICAL MECHANICS—DYNAMICS

Spring semester

The principles of dynamics, rectilinear translation, curvilinear translation, and rotation; simple harmonic motion, projectile motion, moment of inertia and impact. (Physics 47.1.) Mr. HUBBELL

Historical Events

1761	Nov. 2	Charter of the town of Middlebury granted from New Hampshire.
1766	June	John Chipman clears first "pitch" in Middlebury.
1773	June	First log house built in town by Benjamin Smalley.
1777	Jan. 15	Vermonters make Declaration of Independence from New Hampshire.
1778	Nov.	Settlement of Middlebury completely plundered by British.
1783	Apr. 3	First <i>permanent</i> settlement made in town.
1791	Mar. 4	Vermont admitted to the Union.
1796	Oct. 25	Present site of College Campus annexed from town of Cornwall.
1797	Nov. 8	Addison County Grammar School chartered by the State Legislature.
1798	Sept. 30	Timothy Dwight visits Middlebury and a plan for starting Middlebury College is discussed.
1800	May	Female Academy established.
	Nov. 1	College charter granted by State Legislature and Jeremiah Atwater elected first President.
	Nov. 4	First Trustees' Meeting.
	Nov. 5	First students admitted.
1802	Aug. 18	First College Commencement. One student, Aaron Petty, graduated.
1806	Aug. 21	Professorships of Natural Philosophy and Law created.
1807	July	Emma Hart elected Principal of the Female Academy.
1809	May 31	Congregational Church dedicated.
	Aug. 16	Jeremiah Atwater resigns; Henry Davis elected President.
1810	Aug. 15	First Professorship of Languages established.
1811	Sept.	Great religious revival in College.
1816	Mar.	Painter Hall opened to students.
	Aug. 22	Professorship of Divinity established.
1817	Oct. 6	President Henry Davis resigns.
	Oct. 7	Joshua Bates elected President.
1819	May 21	Gamaliel Painter dies, bequeathing most of his estate to Middlebury.
1820	Aug. 16	Middlebury adopts Castleton Medical School.
1822	Dec.	Private French School opened in Middlebury by John B. Meilleur.
1824	Aug. 18	Alumni Association formed.
1827	Dec. 4	Mechanical Association for "promoting systematical bodily exercise" started.
1830	Oct. 28	First issue of <i>The Undergraduate</i> published.

1833	July	<i>The Philomathesian</i> , undergraduate literary magazine, first published.
1835	Aug. 20	Chair of English Literature and Education instituted.
1836	Aug.	Old Chapel completed.
1839	Jan.	Great religious revival resulting in disastrous breakdown in College morale.
	Mar. 18	Inauguration of the Professors.
	Sept. 4	President Joshua Bates resigns.
1840	Apr. 20	Time for morning chapel is changed from 5:30 to 5:00.
1841	May 18	Benjamin Labaree inaugurated President.
1842	Dec. 22	First Forefather's Day celebrated at Middlebury.
1843	Nov. 16	Middlebury chapter of Chi Psi founded.
1845	Mar. 22	Delta Upsilon established as a social fraternity.
1854	Sept. 19	Delta Kappa Epsilon organized.
1859	Apr. 5	First athletic field planned.
1860	Nov. 1	Cornerstone for Starr Hall laid.
1861	Mar.	Gymnasium opened in Middlebury for College and town.
	Apr.	Full company of College students enlist in War of the Rebellion.
1864	Dec. 25	Starr Hall burned.
1865	June	Bread Loaf Inn opened.
	Aug. 8	President Benjamin Labaree resigns.
1866	Jan. 2	Harvey D. Kitchel elected President.
1868	Aug. 7	Phi Beta Kappa charter granted to Middlebury.
1873	July	President Harvey Kitchel resigns.
1875	June 8	Calvin B. Hulbert elected President.
1876	Mar.	First issue of the "second" <i>Undergraduate</i> published.
1880	Aug. 23	Cyrus Hamlin elected President.
	Dec.	Twelve rooms in South Painter Hall converted into a Gymnasium.
1881	Sept. 27	Formal opening of Library in North Painter Hall.
1883	Sept.	Hamlin Commons completed.
	Sept. 13	First women enter Middlebury.
1885	June 30	Chair of English Literature established.
	July 1	President Cyrus Hamlin leaves office.
1886	Apr. 17	Ezra Brainerd elected President.
1888	Feb.	Trainer secured for baseball practice.
	Mar. 16	College snowbound with 10 and 15 foot drifts as result of blizzard.
	Nov. 24	State Legislature gives first financial assistance to College—\$1200 for scholarships.
1889	Nov.	First Glee Club formed.
	Dec.	Alpha Chi Sorority founded.
1890	June	Elective system established.

1891	Sept.	10	Battell Hall, first women's dormitory, opened.
1893	Oct.	21	First organized College football practice.
	Dec.	1	Pi Beta Phi installed.
1895	June		Price of board at Battell Hall raised to \$3.50 per week.
1897	July	13	Fund for Chair of Political Economy and International Law established.
1899	Oct.		Women's Glee Club formed.
1900	July	3	Starr Library dedicated.
	July	3	Roman Drama presented in the Centennial Building.
1901	Nov.	15	Warner Science Hall dedicated.
1902	Dec.	4	The State Legislature authorizes the establishment of a women's college at Middlebury.
1905	May	17	Kappa Delta Rho founded at Middlebury.
1907	May		Girls' Glee Club formed.
	Oct.	17	President Ezra Brainerd resigns and John Thomas elected President.
	Dec.		Department of Pedagogy established.
1909	May		Joseph Battell donates women's campus.
	July	7	First Summer School session opened.
	Sept.		Departments of French, Forestry, and Music established.
1910	July		Battell Cottage opened.
1911	June	20	Formal dedication of Pearsons Hall
	June		Pan-Hellenic council is created.
	Nov.		Domestic Science course introduced.
	Nov.	27	Sigma Kappa established.
1912	Mar.	9	Alumnae Association formed.
	May		Women's Athletic Association organized.
	June		McCullough Gymnasium dedicated.
1913	June	17	Chemistry building dedicated.
1914	Oct.	31	Grandstand is presented to College.
1915	Feb.	23	Joseph Battell dies, leaving to the College a mountain campus of over 30,000 acres.
	June	29	German Summer School opened.
1916	June	18	Mead Chapel dedicated.
	July	8	French Summer School opened.
	Sept.		Hepburn Hall opened.
1917	May	6	College closes to permit students to enlist.
	June	30	Spanish Summer School opened.
	Sept.	26	Campus becomes a weekly newspaper.
1918	Oct.	25	Special S.A.T.C. programs for Artillery, Air Service, Chemical Warfare, and Transport Service adopted.
	Dec.	13	Four courses in Military Art added to curriculum.
1919	Apr.		Women's Athletic Field completed.
	May	27	First meeting of the Undergraduate Association.

1920	June 30	Bread Loaf School of English opened.
	Sept. 20	Maison Française, one of the first in America, opened at Logan House.
1921	Jan. 28	President John Thomas resigns.
	Mar. 17	15-point Admission system adopted.
	July 28	Paul D. Moody elected President.
	Nov. 10	College Dramatic Club organized.
1922		Recitation Hall built.
	June 15	Course in Contemporary Civilization announced.
	Sept.	Homestead opened as Home Economics practice house.
	Nov. 22	Black Panther adopted as College mascot.
1923	Feb. 22	Middlebury's first winter carnival.
	June 1	Kappa Kappa Gamma installed.
	Sept.	Department of American Literature established.
	Oct. 5	Women's hazing abolished.
1924	Jan.	First ski jump on Chipman Hill completed.
	Jan. 25	Playhouse opened.
	May 1	Faculty advising system for all students adopted.
1925	Feb. 13	Beta Kappa installed.
	May 23	Alpha Sigma Phi installed.
	June 13	Alpha Xi Delta installed.
	June 15	Porter Hospital dedicated.
	Sept. 15	Phi Mu installed.
	Oct. 9	Château formally opened.
1926	Apr. 10	Unlimited cuts for Dean's list students announced.
	June 5	First <i>Alumni News Letter</i> published.
	Aug. 16	First Writers' Conference opened.
	Sept.	Music Studio opened.
1927	May 31	Department of Drama and Public Speaking established.
	Sept. 19	First Freshman Week opened.
1928	June 16	Abernethy and Starr Library wings dedicated.
	Nov. 17	First Alumni Homecoming Day.
1931	May 6	General examination system adopted by faculty.
	June 14	Bread Loaf fire.
	July 6	German Summer School reopened.
1932	June	Bread Loaf Little Theatre and Library completed.
	July 1	Italian Summer School opened.
1935	May 6	Student Union supplants Student Government Association.
1936	June 13	Formal dedication of Forest Hall.
	Dec.	Painter Hall opened after reconstruction.
1938	Apr. 11	Sigma Alpha installed.
1939	June 11	Marion L. Young Memorial Cabin dedicated.

1940	May		Kappa Delta installed.
	June		Bread Loaf faculty house opened.
1940	Oct.	31	Gifford Hall dedicated.
1941	Feb.	3	Munroe Hall opened.
	Aug.		Old Chapel becomes Administration Building.
1942	Feb.		College goes on wartime schedule.
	May		Beta Kappa becomes Theta Chi.
	June	1	President Paul D. Moody retires.
	June	8	Special Science Session opens.
1943	Jan.	6	Samuel S. Stratton inaugurated as President.
	July	1	College adopts a three-term calendar with regular summer term for undergraduates, to permit acceleration.
	July	1	Navy V-12 unit of 500 men established at the college.
1945	Feb.	24	Fire destroys Hamlin Hall.
	June	29	Russian Summer School opens.
	Nov.	1	Navy V-12 unit deactivated.
1946	Sept.	23	Reconstruction of Starr Hall completed into a modern, fireproof building.
	Oct.	12	Campaign begins for raising funds to erect a World War II Memorial Physical Education Plant in honor of the 62 men killed in action and the 1390 men and women who served in the Armed Forces.
1947	July	15	Total of Memorial Fund subscriptions passes \$400,000 mark.

Prizes and Awards

BISHOP ATWOOD HISTORICAL PRIZE. Income from \$250. Awarded to the man who does the most distinguished work in history. Established in 1938 by Julius W. Atwood, 1878, Bishop of Arizona, 1910-1925.

BOARDMAN PEACE PRIZE. \$20. Awarded to a member of the junior class submitting the most creditable literary essay of at least 2,000 words in favor of peace and in opposition to war as a method for settling international differences. In memory of Samuel Ward Boardman, professor of Rhetoric and English Literature, 1859-1861.

THE BLUE KEY TROPHY. An honor voted annually to the freshman who, by his performance, example, and influence as an athlete and as a man has done the most to advance the cause of sportsmanship, and the spirit of his class and College. Established by Blue Key, 1948.

REID L. CARR PRIZE. Income from \$1,500. Awarded to the male member of the senior class who has shown the greatest proficiency in English Literature.

GEORGE H. CATLIN AWARD. The annual income, not exceeding \$1,000, on a fund established by the will of George H. Catlin in 1930, awarded annually to the student who completes the full A.B. "classical" course, showing the highest grade for scholarship and deportment. The award will be made preferably to a student who plans to continue his study in the general field of the Humanities.

GEORGE H. CATLIN CLASSICAL PRIZE. Income from \$1,000. Awarded to a man in the senior class whose college work in Greek and Latin is adjudged worthiest of distinction. The awarding committee consists of the chairmen of the departments of Greek and Latin and the Dean of Men. Established in 1918 by George H. Catlin, Hon. LL.D. 1920, Pennsylvania banker.

THE DUTTON FELLOWSHIP, established in 1926 by Hon. Redfield Proctor for five years, and continued in 1932 for five more years, is offered again in 1947-48 for a five-year period with revisions made by the original donor. The Fellowship now

provides \$2,500 to be awarded to a man in the graduating class selected by the Scholarship Committee. The Fellowship shall be used by the recipient to defray so far as possible the expenses for one year of post-graduate study at some institution in an English-speaking country outside the United States of America, or France or Holland, which shall be approved by the committee. The recipient shall have a definite program and be regularly enrolled in classes for at least the majority of his time.

The basis for the award is similar to that of the Rhodes Scholarships, high standing being considered in connection with College leadership and interest in outdoor sports and life. It is understood that this year of graduate work shall not be toward a professional career, such as Law, Medicine, or Theology. The judges consist of a member of the trustees selected by the Board of Trustees, one member of the faculty selected by the faculty, and the President of the College.

EATON PRIZE. Income from \$1,000. Awarded to the student who in the opinion of the President and the Faculty has maintained the highest standing in the classics.

GEORGE ELLIS FELLOWSHIPS. Two fellowships, each with an annual value of \$1,600, were established at Columbia University in 1931, under a provision in the will of George W. Ellis, to be open primarily to residents of Vermont or to the graduates of Middlebury, Norwich, and the University of Vermont. The fellowships are awarded to qualified men or women for pursuing advanced or graduate study in any of the faculties or schools at Columbia. Information on this fellowship may be secured from the President's Office.

HAZELTINE-KLEVENOW CUP. Awarded to a man in any of the four classes who has best combined ability in athletics and excellence in scholarship. The name of the recipient is placed on the cup as a permanent record, and a replica of the cup is presented to the winner. Established by Marshall M. Klevenow, Middlebury coach, 1925-1928, and Burt A. Hazeltine, Dean of Men, 1926-1938.

KELLOGG LATIN-ENGLISH PRIZE. \$20. Awarded for the two best examination papers on Horace. Established by Brainerd Kellogg, professor of Rhetoric and English Literature, 1861-1868, and trustee, 1885-1920.

EDWIN WINSHIP LAWRENCE PRIZES. Income from \$10,000. Awarded to three students adjudged by the English Department to exhibit the greatest proficiency in debating. Established in memory of the donor's father, George Edwin Lawrence, 1867, Vermont lawyer.

EDWIN WINSHIP LAWRENCE PRIZES. Income from \$10,000. (\$5,000 of this fund is held by the University of Vermont.) Awarded to three debaters participating in the annual debate between the University of Vermont and Middlebury. The winners are the best three in the two teams. Established by E. W. Lawrence.

MERRILL PRIZES. \$30, \$20, \$15, \$10. Awarded to four students, preferably of the sophomore class adjudged best speakers in a contest of students. Established in 1882 by Thomas A. Merrill, Middlebury pastor, 1805-1842, and trustee 1842-1852.

MORTAR BOARD CUP. Awarded to a sophomore woman who in the opinion of the Chapter has shown the greatest interest in College by participation in extracurricular activities and by attainment of high scholarship. Established by Mortar Board.

OPTIMA PRIZE. \$200. Awarded to the junior woman who by vote of her class is considered most typical of Middlebury, as shown in character, scholarship, and personality. The winner also receives a gold emblem. Established in 1929 in memory of Henry Hobart Vail, 1860, trustee 1893-1925, by Mr. and Mrs. Roger S. Baldwin in appreciation of the benefits derived by their daughter Catherine (Mrs. Donald Blanke) during her undergraduate years at Middlebury.

PARKER PRIZES. \$50 divided. Awarded to students, preferably of the junior class, adjudged best speakers in a contest of students. Established in 1807 by gift of Daniel Parker, French merchant and landlord, and by Frederick Hall, professor of Mathematics and Natural Philosophy, 1806-1824.

JOHN P. STABILE MEMORIAL CUP. Awarded to the athlete who best exemplifies the Middlebury spirit. Established in memory of Lt. John P. Stabile, '40, killed in action Guadalcanal. Established by Lt. John F. Hogan, '41.

MARY DUNNING THWING PRIZE. Income of \$1,500. Awarded to a student of the Women's College who in her junior and senior year has done the best work in English composition, prose and poetry. Established by Charles F. Thwing, President of Western Reserve, in memory of his wife Mary Dunning Thwing.

WETHERILL PRIZES. Income from \$1,100. Awarded to the two men showing the greatest interest and proficiency in debating. Established by friends in 1922 as a memorial to Archibald D. Wetherell, assistant professor of History, 1908-1916.

MIDDLEBURY COLLEGE SUMMER SCHOOLS

The Middlebury College Summer Schools of Language provide a unique opportunity for combining graduate study with a summer spent in the heart of the Green Mountains. The Schools of French, Italian, Russian, and Spanish are situated on the college campus; the School of German is located at Bristol; and the School of English at Bread Loaf. Following these, a two-week Writers' Conference is held at Bread Loaf, while a Composers' Conference and Chamber Music Center is held at the same time on the college campus.

The Middlebury College Language Schools were pioneers in the development of segregated, specialized summer schools for the study of modern foreign languages in this country. The central purpose of the schools is to make the language a subjective element in the life of the student by means of close association with the faculty of native instructors, a well-balanced social and academic program, and exclusive use of the foreign language in and out of the classroom.

The School of English offers a selection of courses in literary history, the art of writing, and critical analysis, given by nationally famous instructors. The Writers' Conference provides sound and experienced help and criticism for men and women who desire to write or are interested in the practical background of literature. The aim of the Composers' Conference is to provide experienced criticism of scores and a program of discussion, instruction, and performance. The Chamber Music Center will function as an adjunct to the Conference in providing contact between the composer and the student of music.

Bulletins and further information may be secured from the Office of the Summer Schools, Middlebury College.
